

On This Side Of The Sun

By Phat

SOLACE—Am going to frame that picture of William Allen White's desk which appeared in Life magazine last week and hang it over my desk. Then the next time somebody looks at my desk and clucks "Tsk, Tsk" I am going to point to it silently. He was a great editor. (In deference to Alvin Weingarten who says one thing he likes about me is my modesty, I won't add "too.") . . . A few weeks ago you wrote: "Government records kept for 35 years show there never was a frost in Palm Springs after Jan. 18." I trusted you and after that date haven't covered my prized cucumber plants at night. Now I have no cucumbers," said an irate reader this week. Look at the silver lining, madam. Perhaps cucumbers don't agree with you.

NAMES—Mrs. Nora Goner, 76, Los Angeles, has filed notice she's a candidate for president of the U. S. Now, there's a name for a presidential campaign! How about: "Elect Mrs. Goner or the nation's a goner." There are some republicans who will say: "What can we lose? We can't be any goner than we are now." . . . Another good name for his job is that of George Holditch, Water company official. Whole ditch is what they hope for after floods—if any. . . . The "if any" is thrown in to pacify Walter Kofeldt of the Chamber of Commerce. . . .

MUSIC—"Modern music's jarring of the inherent instinct for balance and harmony is to blame for mass swooning and is degenerating, definitely, to young people," said Dr. Howard Hanson, college music prof, this week. It seems to affect some of the older ones, too. . . . "I know one that'll make the Hit Parade tonight," said Mrs. G. last Saturday. "It's 'Baseme Vuy Mucho.'" (Approximate and very phonetic spelling.) Never heard of it, said I. And it was No. 3 that night! . . . Anyway, I had a chance to cheer a few minutes later when "Shoo Shoo Baby" finally made No. 1 after predicting that spot for it for three weeks.

STICKERS—Have you received your new 1944 auto sticker? If so, is it in the lower right hand corner of your windshield and not more than seven inches from bottom or right side? That's the law on stickers. But three out of four new license stickers noted so far are any place but in the lower right hand corner. . . . Some windshields are so plastered with stickers, don't see how the drivers can see what's coming from the right. . . . The Nazi high command is now telling its troops that the reason they don't see so many German planes in the sky these days is because Hitler is using invisible paint. American pilots have been slapping it on.

THIS AND THAT—Because so many Dads do not really understand their children, it has been suggested that clinics be established for fathers as well as mothers. These clinics would also teach fathers how to care for babies. . . . Near an army post, a restaurant displays this sign. I am told: "Watch out for your hat, coat and girl friend." . . . At Desmonds, one of their windows contains a model attired in a Nurses' Aid uniform. The accompanying sign reads: "Not for sale. You can get one by joining the nurses' aid classes sponsored by the local Red Cross."

RUMORS—People like to have "inside information." That's why so many give you the confidential whisper: "Got it straight from the cousin of a major's wife whose maid told her that the ice man said he heard the expressman say that a brakeman told him the army training center in the desert was going to close this spring." . . . Equally as many buttonhole you to say: "The desert training area is going to have more men than ever before this spring, I know, I got it direct." . . . The army has a name for it.

MORE OF SAME—Politically, the inside information people are having a lot of fun here, too. Heard three times this week that John Connell, council candidate, won't run this spring—he's been drafted. Connell says the draft board must be keeping it a secret from him. He's still very much in the election campaign. . . . A Boston newspaper once started a bureau to run down rumors and employed a lot of investigators. They gave it up—by the time they traced a rumor to its source, investigators were talking to themselves. . . . The average newspaper man's viewpoint would be a good one for all people to adopt these days: "Don't take anyone's word for anything."

USO Hospitality House to Close Mar. 1

Dedicated to the GROWTH, DEVELOPMENT and CONSTANT IMPROVEMENT of AMERICA'S FOREMOST DESERT RESORT

Vol. XVII—No. 29

Friday, February 18, to Friday, February 25, 1944

Price Five Cents

Village Bond Buyers Go Over Million

Local USO Activity to Be Reduced

Cooperation With Other Agencies Is Considered

The USO Hospitality house at 346 Tamarisk road, which has gained a reputation among soldiers far and wide, as one of the best in the nation, will close its doors March 1 when it will be turned back to Joseph Schenck, noted moving picture producer, whose generosity made possible the entertainment of thousands of soldiers in the past 20 months.

WILL CONTINUE

But entertainment for soldiers in this area will not cease and the executive committee of the USO council met at the club Monday with Robert Wayne Burns and Harry T. Hall, regional representatives of the United Service Organizations from Los Angeles and the desert area, to consider ways and means of continuing USO service to men and women in uniform in this locality.

Cooperation with other agencies extending service to servicemen is being planned. At Monday's meeting appreciation was voiced by Mr. Burns, the

Mrs. Carnell, Noted Winter Resident, Dies

Death last week took one of Palm Springs' most prominent winter residents when Mrs. Julia Shaw Carnell passed away last Friday at the age of 80 years. Member of a prominent Dayton, Ohio, family, Mrs. Carnell first came to Palm Springs about 15

(Tribute paid to memory of Mrs. Carnell by Board of Community church. See Page 3, Columns 1 and 2).

years ago and so liked the Village that she expressed her faith in its future with investments here and with many philanthropies.

She had not missed a winter season here since her first visit and was listed among the "regular" winter guests at the Desert Inn.

In ill health for the past few months, she arrived in Palm

(Please Turn to Page 12)

Mrs. Louise Reed Dies As Result of Heart Attack

Mrs. Louise Althea Reed, wife of Ted Reed, 581 Sunrise way, died suddenly last Friday night as result of a heart attack at her home, her passing coming as a great shock to her family and many friends here.

Last rites were said Tuesday morning at 10 o'clock in the chapel of Wiefels and Sons mortuary in Banning.

Mrs. Reed is survived by her husband and by four children, one son, Edward H. Jr., 22, in the Army Air Corps in Los Angeles, another, Don, 16, in school here, and by twins, Joan and Peter, aged two and a half.

Burial was in the family cemetery at Swissvale, Penna. The Reeds have been residents of the Village for the past six years.

Army Plans Open House For Villagers

Rare Opportunity Offered Here Tuesday Afternoon

Villagers, winter residents and visitors here will be given a rare opportunity Tuesday, Feb. 22, to see what Uncle Sam's army is doing when Torney General Hospital and the 21st Ferrying Group headquarters at the army air base, will hold open house, to show any and all who come, within the limits of security, what is going on at the army installations here.

It is probably the first time in war time that army posts will be thrown open to the general public.

IN APPRECIATION

Lt. Col. E. T. Thompson of Torney General Hospital, and Lt. Joseph Caraway of the 21st, appeared at a meeting of the Chamber of Commerce and Fourth War Loan drive committee, Wednesday to extend the invitation.

The open house is in appreciation of what Villagers have done in the way of war bond sales and is to give Villagers an insight on what is being done with the money from the bonds.

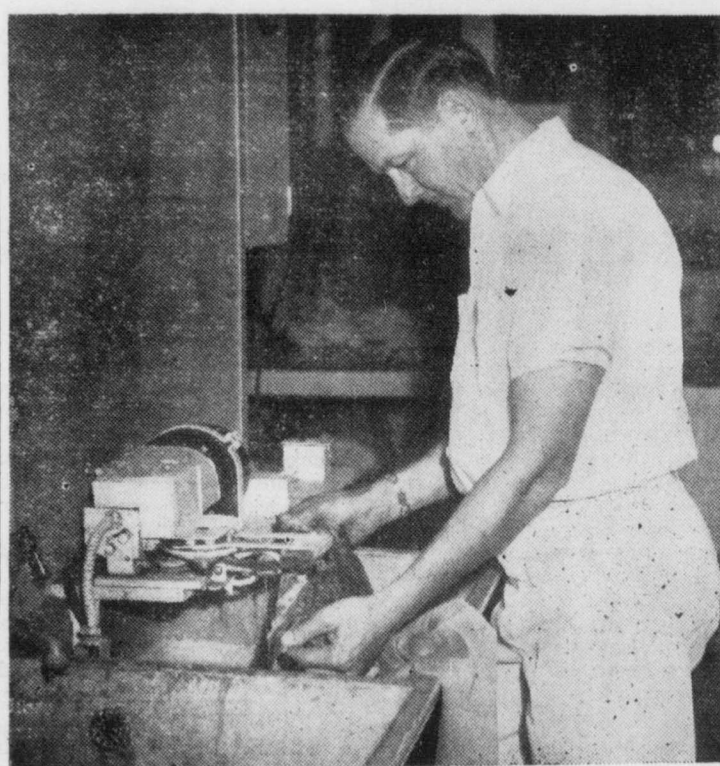

TRANSPORTATION, TOO

Army busses will leave the Chamber of Commerce at 310 North Palm Canyon drive on the half hour from 12:30 p. m. to 4:30 p. m. The open house hours are from 1 to 5 p. m. At the base visitors will be shown the barracks, mess halls and other permissible items and then taken on a tour of the operations line of the big airport.

At Torney they will be shown the great care Uncle Sam is giving his army men. As most of the visitors have kin in the service and Torney is typical of general hospitals, this trip should do much to reassure parents and others that their boys are getting the best of medical care.

As it was pointed out at Wednesday's meeting, Villagers and visitors are presented with a rare opportunity and a large throng is expected to visit the military installations Tuesday, Washington's birthday, between the hours of 1 and 5 p. m.

Marriage license was issued yesterday at Riverside to Maurice W. Reynolds of Pomona and Beatrice Braswell of Cathedral City.

(Silver Photo Service)

INVENTOR—Ralph Nesmith, well known Villager, whose inventions won him government recognition and have saved much time and labor at the Torney General Hospital laundry.

Inventions Win Fame For Villager

Vigorous refutation of the theory that Missourians have to be shown is Villager Ralph A. Nesmith, whose ability to show others a better and quicker way to perform a specific job netted him \$60 worth of cash recognition from the War Department Employees Suggestion and Cash Award Program at Torney General Hospital.

Nesmith's idea, only one of several of his in operation in Torney General Hospital laundry where he is general foreman, is a 10 ft. by 30 inch push truck which saves 28 handling operations, 70% of the heavy lifting and 2 hours 15 minutes in getting out a single order, to say nothing of more than a mile and a half reduction in walking each day.

HAS MANY OTHERS

Among other Nesmith inventions now conserving manpower and speeding up production in the laundry are a bandage roller which permits one employee to turn out the work formerly done by four, an automatic collar and cuff scrubber, and a barracks bag opener, which, to date, is the

(Please Turn to Page 7)

Name Kofeldt On Postwar Committee

Walter Kofeldt, executive secretary of the Chamber of Commerce, has been named by directors of the Chamber to represent Palm Springs on the county-wide post-war planning committee, which will act with the County Planning Commission's post-war committee to coordinate the many projects contemplated after the war.

The county-wide committee was proposed at a recent meeting in Hemet at the suggestion of Francis F. Crocker of the Village, who headed a delegation composed of Culver Nichols, Stanley Rosin, Harris Posey and Kofeldt which attended the session to present Palm Springs projects.

PREPARED JANUARY 24

The Palm Springs projects were prepared at a meeting held on January 24 when Crocker, head of the local Chamber post-war committee, assigned various contemplated projects to different

(Please Turn to Page 12)

Chest Clinic Will Be Held April 1 At Health Center

Dr. F. M. Pottenger of Monrovia, noted authority on tuberculosis, will be in Palm Springs, Saturday, April 1 to conduct a chest clinic at the Health Center, 299 East Amado road, under auspices of the local and county Tuberculosis association. Mrs. Holderman, public health nurse, said today.

She asked all who wished further information or who wished to make an appointment, to contact her.

Two New Deputy Registrars Named To Serve Villagers

City Clerk Louise McCarn who recently was appointed deputy registrar for Palm Springs this week announced the appointment of two aides—Mary Lou Kingsberry and Marjorie Hyde.

All are at the city hall and voters may register at any time during business hours.

March 2 is the final day to register for the city election to be held April 11.

Mrs. McCarn said that with so many changes of address in Palm Springs this winter, many voters have moved to other precincts and, unless they come in and register, will lose their vote.

Palm Springs Beats Quota 250 Per Cent

Total Sales As of Tuesday Night Announced As \$1,026,371.50 With Reports From Sales Still Incomplete

Palm Springs did it again. Not only did it but double did it and may triple do it.

In the four-week Fourth War Loan campaign, Villagers and visitors, purchased \$1,026,371.50 in war bonds and the end is not yet. The figures, as announced by Tom Holland, chairman of the drive, are as of Tuesday night, the official close of the drive, and by the week-end will probably be upped several thousand.

The city's quota was \$400,000. That was reached in six days.

DOUBLE QUOTA

Then Chairman Holland doubled the quota and the \$800,000 mark was passed in ten days more. Finally, he raised his sights again and set one million as the new mark. That third goal was reached Tuesday.

With all sales reported up to February 29 counting in the Fourth War Loan total, as announced by the treasury department this week, the Village may

Weinberger Sells Quota By Himself

To Henry Weinberger, member of the executive committee of the Fourth War Loan drive here, falls a unique honor.

The Village bought \$1,026,371 in bonds in the campaign but its original quota was \$400,000.

It was announced this week that Mr. Weinberger single-handed was responsible for the sale of slightly in excess of \$400,000 worth of bonds—the city's first goal.

well reach a figure three times its original quota.

VICTORY PARADE

An impressive Victory parade and premiere at The Plaza theatre, marked the conclusion of the drive here. With signs proclaiming the Village's remarkable record accompanying it, a great parade and military spectacle rolled and marched down Palm Canyon drive Tuesday evening.

Under the direction of Lt. Col. E. T. Thompson of Torney, and Lt. Joseph Caraway of the 21st Ferrying Group base, co-chairmen of the parade committee, three bands, units from the air base, including Wacs, the 81st General Hospital, Torney General Hospital, including nurses, the Ordnance base, Spanish-American war vets, and members of the loan committee, participated in the parade.

BIG PREMIERE

Tuesday night at the Plaza, Villagers who bought bonds in the last few days of the drive, saw

(Please Turn to Page 12)

Coat And Heater Combine To Fill House With Smoke

Mrs. Louis Olshanskey, wife of Lt. Olshanskey of the army air base, was wearing her other coat today. The one she had hanging on a door at the home they are leasing from Dr. S. H. Kestenbaum of Los Angeles, at 249 Mesquite, tangled with a heater late yesterday and is definitely singed today.

Flame from the heater ignited the coat and filled the house with smoke. An alarm was sent to the fire department which quickly subdued the blaze with very little damage to the door and none to the house.

The coat, however, suffered.

High School Beats Quota By \$50,000

BY MAUREEN ROYBARK

Weary and worn but happy, students of Palm Springs high school concluded their Fourth War Loan drive this week, topping their quota of sales by \$50,000 and basking in the glory of having sold approximately 1000 separate bonds to residents of Palm Springs.

The steep quota of \$150,000 worth of war bonds for the high school at the start of the drive was not only passed during the drive, but a new quota of \$200,000 was set by the students themselves, and this also was passed

OWN GOAL PASSED

Moreover, a goal of \$7500 for sale of bonds to students themselves and to faculty members was set by the high school and this goal was exceeded by \$1000. Prizes were awarded to high point students in the sale of bonds.

Bob Hoover, who carried off first prize for scoring up the most points by selling 135 bonds was given a free pass for one year for two persons to either the Plaza or Palm Springs theater. To Barbara Dodds, who came in second, a six months pass was given. Robert Hillery, behind Barbara by only four bonds, received a 3 months pass.

The next three, Petronilla Mutascio, McKinley McDaniels

(Please Turn to Page 12)

Continue Water Use Hearing

Traversing a maze of technical details, a hearing conducted by the state railroad commission in the case of M. M. Pavy against the Palm Springs Water company to cause them to furnish water to his development on Section 22, where he has a lease on tribal lands, occupied a full day at the Fiesta House on the Desert Inn grounds yesterday and then was continued until March 30 when all testimony could not be taken in one full day.

Examiner William Stava of the commission conducted the hearing and Fred Van Huesen and William P. Rowe, hydraulic engineers, were also present to take care of the technical questions for the state.

OPPOSE EXTENSION

The Palm Springs Water company opposed the extension of its lines to serve Pavy on the grounds that in 1941 the railroad commission had set up a service area in which they could operate

Society

Miss Ruth Roberson to Become Bride of John R. Howard At Ceremony March 5 At Colonial Cottage At Desert Inn

Engagement of Popular Local Girl Announced

Mr. and Mrs. George B. Roberson of Palm Springs, announce the engagement and approaching marriage of their daughter, Ruth B. Roberson, to John Robert Howard, Jr., son of Mr. and Mrs. John R. Howard, North Hollywood.

The bride-to-be is the granddaughter of Mrs. Nellie N. Coffman, founder and co-owner of Desert Inn, Palm Springs, and the niece of Earl Coffman, who with Mr. Roberson also is a co-owner of the exclusive desert resort.

TO WED MARCH 5

March 5 has been selected as the wedding date, and the young couple will exchange vows in the beautiful Colonial cottage of the bride's grandmother, which is located on the grounds of Desert Inn. A high-noon ceremony is planned, and Nellie Coffman will be her granddaughter's matron of honor.

Miss Roberson attended Flintridge School for Girls and University of Southern California. On the latter campus she affiliated with Alpha Delta Pi sorority. Mr. Howard is prominent in tennis circles. He now is associated with the Phoenix Country Club and Camelback Inn, Phoenix, Arizona. Earlier this season he was with the Palm Springs Tennis Club and Racquet club, Palm Springs.

MAID OF HONOR

Miss Alice Williams, long time friend of the bride-elect and daughter of Mr. and Mrs. Leslie Williams, of Palm Springs and Los Angeles, will attend as maid of honor. Miss Williams studied at U. C. L. A., where she served as president of Pi Beta Phi house, before transferring to Stanford university.

Mrs. Harold L. Schilling (Louise Roberson) was wed to Lt. Schilling, U. S. N. R., in the same Colonial cottage (her grandmother's home) several years ago. The Schillings are in Honolulu, so will be unable to attend the nuptial service here next month.

Jack Jeffries, of Palm Springs, will be best man.

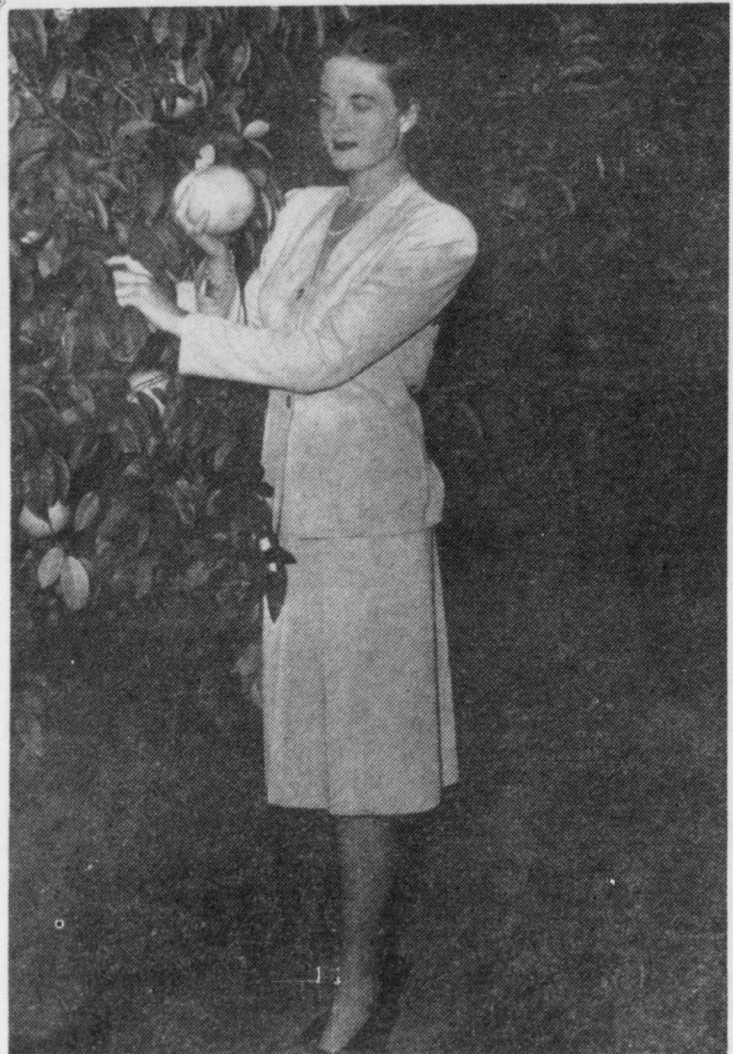

Breakfast Ride On Schedule For Los Compadres Sunday

Members of Los Compadres club are looking forward to another delightful breakfast ride next Sunday morning. Breakfast will be served out on Ramon road about half way between Palm Springs and Edom. Club members will start at 9 a. m.

Jimmy Cooper, secretary, also called attention to the monthly square dance of the club to be held at Rogers ranch next Tuesday evening, February 22.

Members of Los Compadres have been invited by the Perris Hill riding club to attend that club's Gymkhana on Sunday, February 27 at the arena, 421 41st street in the Gate City.

In bituminous coal mining during a recent five-year period, nearly 28 percent of the fatal and non-fatal underground accidents to employees were due to falling roofs and sidewalks.

TO WED IN MARCH—Miss Ruth Roberson, daughter of Mr. and Mrs. George Roberson of the Desert Inn, who will become the bride of John Robert Howard of North Hollywood at the Desert Inn on March 5. (Harold Purkupile Photo)

Woman's Club to Hear Prominent Speaker On Monday

Ann Marjorie Gretchen Shriber, a noted photographer with a keen insight and a knowledge of people, who has become an expert in vocational guidance through her study of hands, will speak at next Monday's meeting of the Woman's club on "Hands and Vocations," Mrs. William A. Lippman, president of the club announced this week.

The importance of the study of hands in fitting people into their proper spot has been the subject of study by Miss Shriber for some time and she is known as an authority on the matter far and wide. In addition, Mrs. Lippman announced, an exhibition of portraits and miniatures by Penrhyn Stanlaw, world-famous artist will open at the club house on South Cahuilla road. To throw the exhibition open to all and to give all an opportunity to hear Miss Shriber, guests are invited to attend next Monday's meeting at the usual fee of \$1.10 to cover expenses.

Honeymooners End Palm Springs Stay

Returning to their new home in Hollywood after a honeymoon spent here, were Dr. and Mrs. William Bennett Hogue who were married last week in Hollywood.

Mrs. Hogue is the former Miss Ann Danz, daughter of Henry Danz of Los Angeles.

Annual Tea Will Be Held By Guild Women On Tuesday

Shrove Tuesday, which falls on February 22 this year, has been chosen as the date of the annual Silver Tea to be given by the Women's Guild of St. Paul's in the Desert Episcopal church. The affair will be held at the home of Mrs. Emil Wagner, North Belardo Road, from 3 o'clock.

Mrs. Will Browne is in general charge of the affair, to which all friends of the church, as well as members are very cordially invited to attend.

UNUSUAL EVENT

An unusual event of the afternoon will be the exhibition and awarding of the oil painting given to the Guild by Mrs. Morrison just before her death last fall. The scene is the nearby desert, with a background of the mountains. Mrs. Morrison gave the picture as a means of raising money for the Guild treasury. Numbered sachets will be sold during the afternoon.

Receiving guests will be officers of the Guild. The complete roster of officers for the year is headed by Mrs. John Hobson, president. Others are Mrs. Levering Moore and Mrs. Raymond Wilson, honorary presidents; Mrs. Archie Linkletter and Mrs. Eber D. Kanaga, vice-presidents; treasurer, Mrs. Frank Camp; secretary, Miss Helen McCallum; press, Mrs. Raymond Cree; directors, Mrs. H. Earl Hoover, Mrs. Francis F. Crocker and Mrs. Louis Hill.

AT TEA TABLE

Pouring for the afternoon will be Mrs. Hoover, Mrs. Raymond Wilson, Mrs. Kanaga and Mrs. Hobson.

Mrs. Browne has chosen as her committee: Mrs. Emil Wagner, Mrs. Frank Camp, Mrs. Harrison Leussler, Mrs. Francis Crocker, Mrs. Hobson, and Mrs. John Snyder.

Newlyweds Spend Honeymoon Here

Honeymooning in the Village this week were Mr. and Mrs. Harold L. Martin who were married at the Wilshire Wedding chapel, Los Angeles, last week-end. Mrs. Martin is the former Lila Lee Donaldson, daughter of Mr. and Mrs. George E. Donaldson of Los Angeles. Mr. Martin is a resident of Chicago.

The wise man is always suspicious of any man who calls him "brother."

Pennsylvania Girl Bride of Officer At Ceremony Here

At a simple but impressive service, Sabra Elizabeth Roe of Reading, Penna., became the bride of Capt. Arthur Powers Halloway at St. Paul's in the Desert, Episcopal church, Monday.

Capt. Halloway was attended by his comrade in arms, Capt. George H. Wyman with Mrs. Wyman attending the bride. The Rev. Robert M. Hogarth, vicar, officiated.

The bride was attired in a blue crepe dressmaker suit with matching hat and a shoulder veil and black accessories. She carried a corsage of yellow orchids.

Capt. Halloway, commanding officer of his group at Thermal, and Mrs. Halloway, are honeymooning at the coast and in Los Angeles and Hollywood.

Dessert Bridge Party of Woman's Club Is Success

Successful both socially and financially, the dessert bridge given by the Palm Springs Woman's Club, Monday afternoon at the club house, was attended by well over 100 members and guests.

The affair was planned not only as the only purely social event of the club calendar, but also as a benefit for the club treasury, taxes and insurance, being large events in club as well as in private life.

VALENTINE MOTIF

St. Valentine's day was the inspiration for the color scheme of the ice cream and cake which were served at 2 o'clock, preceding play. The tea table was beautifully decorated and Mrs. Ralph Clock and Mrs. Archie Linkletter presided at the tea and coffee services.

During the afternoon, the door prize, a war bond, was presented, the winner being Mrs. Mel Eaton, who is spending the winter at the Desert Inn. Table prizes were given also.

MADE IT A SUCCESS

Mrs. H. Bedford-Jones, chairman of the committee in charge, was largely responsible for the delightful event. She was assisted by Mrs. Upham Bigelow, Mrs. Raymond Cree, Miss Teresa Fields, Mrs. Archie Linkletter and Mrs. Armand Turonnet.

Many Guests From Coastal Points at Palm Springs Hotel

The Palm Springs hotel was host this week to many visitors from the coast and north and east with reservations coming in from far and wide.

Among those registered this week were Mrs. Kellogg A. Hooker and infant son of the La Jolla beach club, Frank McHugh, noted screen comedian who spent last week entertaining soldiers in the desert area, George Stoicesi and Rex St. Cyr of Hollywood, Mr. and Mrs. H. Ellis Brooks of Pasadena, friends of Mr. and Mrs. Robert Martin of the Village, Dr. and Mrs. G. L. Reedy of Oakland, Mr. and Mrs. J. W. Roberts of Beverly Hills, Mr. and Mrs. Rudy Feld of Hollywood. Mr. Feld is a brother of Fritz Feld, screen actor, who recently spent some time here.

San Francisco Girl To Wed Villager On Friday, Feb. 25

Miss Francis Gimlin of St. Francis Woods, San Francisco, will arrive in Palm Springs next Sunday evening and on Friday, February 25, she will become the bride of Stanley Shuttleworth, popular Village postman, son of Mr. and Mrs. Paul Shuttleworth. She will be accompanied by Mrs. Marvin Gibson of Alameda who will be her only attendant. George W. Lewis of San Diego, an old time friend of Mr. Shuttleworth will be his best man.

Mr. Shuttleworth and Miss Gimlin will be married at a quiet ceremony at St. Paul's in the Desert Episcopal church.

Miss Gimlin and Shuttleworth met last summer at Yosemite where both were on vacation.

Many Gay Dinner And Dancing Parties Gather At Desert Inn Saturday Night As Lincoln's Birthday Is Honored

Dining room of Desert Inn was festively decorated Saturday evening, Lincoln's Birthday, with red, white and blue cellophane on each of the center chandeliers. Tiny American flags centered each table, and flowers of the three patriotic colors were used on the tables.

Numerous dinner parties were given that evening, and other parties came later for dancing. One festive group included a party of ten with Dr. and Mrs. Julian Dow as host and hostess. Those seated with them were Col. and Mrs. A. B. Jones, Col. and Mrs. Meridith Beaver, Maj. and Mrs. Gordon L. Witter, Mrs. Bear and Col. M. A. Selinger.

VILLAGERS PRESENT

Dr. Dow is well known in Palm Springs, as he served at Torney Hospital until this fall with the rank of major. Due to illness he was released from active duty, and now is residing in Los Angeles.

Many Villagers occupied tables for the dinner and dance. Mr. and Mrs. Harold Hicks entertained in compliment to Sgt. and Mrs. Richard Birge, who often have visited in Palm Springs from their home in Buffalo, N. Y. Sgt. Birge, who is Mrs. Hick's brother, returned to his army duties at North Camp Hood, Texas, early this week. Mrs. Birge will remain for another week. Guests at the farewell party were, besides the honorees, Dr. and Mrs. Bacon L. Clifton, Mr. and Mrs. John Chaffey and Mrs. W. R. Higgins, who is wintering at the Inn.

FROM NORTHWEST

Mr. and Mrs. Murray Marsh, of Seattle, were dinner hosts to a group from the northwest, who spend part of each season in Palm Springs. Their guests were Mr. and Mrs. Carl Haymond, Mr. and Mrs. B. F. Shearer, Mr. and Mrs. Harry Spence.

One no-host table included a group from Portland, Oregon. They were Mr. and Mrs. J. R. Hulbert, Mr. and Mrs. Charles G. Irwin, Mr. and Mrs. W. Yaw, Mr. and Mrs. Herman Blaesing, Mrs. McMichen and Mrs. Bonaca.

Mr. and Mrs. Lewis William Mesta, of Pittsburgh, Pa., presided at a table for six. Places were indicated for Mrs. Butler Davison, Mr. and Mrs. Albert Burki and Tony Frost.

POOL IS POPULAR

The Sunday noon diving exhibitions given each week by Bill Levin, swimming instructor, are proving most popular both for guests of the hotel and a large group of local residents who assemble for the show. Mr. Levin has performed with the Billy Rose Aquacade when that outstanding show was in San Francisco for the World's Fair several years ago. A bit of comedy is added to the show each week, by his clever interpretations and diving stunts. The exhibitions are open to everyone, and a small financial contribution may be made for the local U. S. O.

Friday evening the Calcutta will be conducted for the Annual Amateur Golf tournament, which is to take place Feb. 18, 19 and 20 on the local Golf course. Carl Haymond, outstanding local golfer who is to play in the tournament, will conduct the Calcutta in the lobby of Desert Inn.

A series of lectures are being given by Rowena Bentley, astrologer and numerologist. One talk dealt with the present war, and her predictions said that the conflict with Germany would be over not later than September, 1944. The Japanese, she said, would take longer to quell and may do serious damage to our coast before July of this year.

Mrs. Jack Williams Back From Hospital

Mrs. Jack Williams, wife of the well known Palm Springs realtor, returned to her home here Monday from Loma Linda hospital where she underwent an operation for appendicitis two weeks ago.

Right-of-Way For New Road Recorded

A resolution ordering recording of a right-of-way map for Date Palm drive, on the reservation extending from Cathedral City to the Palm Springs-Edom road, was adopted by board of supervisors Monday.

Mrs. Donald J. Bear of Santa Barbara, and her two children, Donna and Gretel, arrived in the Village today to spend a week with Mrs. Bear's parents, Mr. and Mrs. A. G. Fish of 324 Overlook road. Mr. Fish, of Denver, is president of the Midwest Steel company now engaged in fabricating ships for the U. S. Navy. With his wife, he is spending the season here.

Prominent Winter Resident Bride At Beverly Hills

At the home of Mrs. Karl Dixon, Beverly Hills, Anita Walton, prominent for the past two seasons in Palm Springs society and a charming hostess at many delightful affairs, became the bride of Paul Brooks Belding of the Jonathan club, Los Angeles, in a ceremony performed by Judge Joseph Marchetti.

After a reception at the Jonathan club, the newlyweds departed on a honeymoon tour in the northern part of the state, spending much of the time in San Francisco. Upon their return to Los Angeles, they will make their home at the Town House, Los Angeles.

The bride is the daughter of the late Mr. and Mrs. Arthur Walton of New York and Florida. For the past two seasons she had made her home in Palm Springs. A close friend of Mrs. Ona Brown, who introduced her to socially prominent Villagers and winter residents upon coming to Palm Springs, she entertained often at many delightful parties, notably her Sunday morning breakfasts and many prominent national figures have been her guests.

During her stay here she played a prominent part in providing entertainment for servicemen. She also entertained for servicemen at Miami Beach before coming to Palm Springs.

She met Mr. Belding in Palm Springs last season.

Mr. Belding is the son of the late Almon Brooks Belding whose grandfather founded Hot Springs, Ark.

Mr. and Mrs. Belding are expected to visit often in Palm Springs after their return from their honeymoon and many gay affairs are being planned in their honor.

Red Cross Worker Bride of Officer

Mrs. Barbara Winterble with the American Red Cross at Camp Young, became the bride of Major Harold Handley, of Camp Young, at a ceremony performed by Chaplain Turkington at the post chapel yesterday afternoon at 5:30 o'clock. Miss Ann Maddox attended the bride and Lt. Kenneth Handley, brother of the major, served as best man. Robert Anthony gave the bride in marriage.

Major Handley came to the desert post from Indiana, his bride from Wisconsin.

Missing Girl Found In Los Angeles

Vera Joe Robles who decided to visit Los Angeles without telling her parents, was home again this weekend.

When she failed to return home one day this week, police were notified and a check revealed she had boarded a bus for Los Angeles. Teletype messages to that city soon located her and her mother went in to bring her back.

Memorial Service Honoring Mrs. Carnell Held At Community Church; Tribute Paid Memory of Prominent Village Developer

A Memorial Service, honoring the late Mrs. Julia Carnell who passed away here last Friday, was held Saturday afternoon at the Community Church at five o'clock. The church was beautifully adorned with flowers, silent messages of love and appreciation.

Miss Violet Fowler and Mrs. J. R. Macartney offered the music for the service and the entire congregation united in the singing of "Abide With Me."

PAYS HIGH TRIBUTE

Dr. Macartney paid high tribute to the memory of Mrs. Carnell, detailing her association with the growth and progress of Palm Springs and her confidence in the community as shown by her heavy investments here.

The First Community Church here was at the corner now occupied by the Carnell building and when she purchased the property and that structure and the Plaza were built, Mrs. Carnell provided for the erection of the present unusually handsome church edifice.

"Mrs. Carnell will ever be associated with this church in the minds of its friends and worshippers," Dr. Macartney said.

ADOPT RESOLUTION

The official board of the Community Church adopted the following resolution in respect to Mrs. Carnell:

"Whereas, in the providence of the Almighty God, the appointed time has come for the departure of our esteemed friend, Mrs. Julia Carnell, the official Board of the Palm Springs Community Church wish to record their deep appreciation of the life and character of the deceased.

"Mrs. Carnell has been coming and going into our midst for the past ten years. She was a frequent attendant upon our services and a liberal supporter of the work of the church. We recall with gratitude that the purchase of the old site of our church by Mrs. Carnell made possible the erection of our present fine edifice. Thus her name will always be associated in the minds of all who, year after year, shall enjoy

Ecclesiastical Census Scheduled Sunday Morning

An Ecclesiastical Census will be taken next Sunday at the Community Church, Dr. J. R. Macartney, pastor, said today.

The census will be taken at the 11 a. m. services. A year ago, at a similar service, the census showed 41 Presbyterians, 36 Methodists, 19 Lutherans, 19 Congregationalists, 17 Protestant Episcopal, 14 Baptists, also representatives from eight other churches.

Episcopal Church Lenten Services Outlined By Vicar

Next Sunday, the final Sunday before Lent, the Rev. Robert M. Hogarth, vicar of St. Paul's in the Desert, Episcopal church, will continue his series of sermons on "The Church as the Body of Christ."

On Shrove Tuesday, coincidental with Washington's Birthday this year, St. Paul's Guild is sponsoring a Pre-Lenten tea with entertainment, at the home of Mrs. Emil Wagner, 591 North Belardo road. All friends in the community are invited, Rev. Hogarth said. A silver offering will be taken for the Guild's working funds.

On Ash Wednesday, the traditional opening of the Lenten Fast, services of the Penitential office, Holy Communion and sermon will be observed at 10 a. m. at St. Paul's. Rev. Hogarth will speak on "His Wilderness and Ours."

Holy Communion will also be celebrated on all Fridays during Lent at 10 a. m. with meditations on "Christian Belief."

the dignity, beauty and comfort of our house of worship.

"Her strong and rugged individuality was built around a great soul. It was her pleasure to diffuse the gospel of kindness and to engage in the employments of active benevolence.

"To the son and daughter who have lost a beloved mother, we extend our sincere regards.

"To her entire household who will miss their kind friend, we likewise extend our sympathies.

"It is resolved that we hereby convey to the family our esteem and order that a copy of these resolutions be spread upon the records."

Seventy percent of the American women were wearing silk underwear before the war, according to statistics. Aren't some statisticians the nosy guys!

TO SPEAK HERE—Dr. Grace Song Line who will speak to women of Community church next Tuesday afternoon at the home of Mrs. Walter Illick.

Noted Woman to Speak At Church Gathering Feb. 22

By MRS. J. R. MACARTNEY

A most unusual opportunity will be given women of Palm Springs on the afternoon of February 22, to hear a native from Korea, Dr. Grace Song Line, speak on "Her experiences in the Orient," at the home of Mrs. Walter Illick, Parocela and Indian Trail streets, when the women of the Community Church entertain with the program meeting for February.

Dr. Line is a member of the Michigan State College staff, and the first Oriental woman to receive the Doctor of Public Health degree in the United States. She is a graduate of the University of Michigan. Prior to coming to this country, she obtained her medical degree in Tokyo. While Dr. Line was a student in Japan, during the Korean Revolution against the Nipponese, she was seized by the Japs and thrown into prison for a month and tortured daily, finally being released to die. She recovered and came to America where she married an American, Winfield H. Line, world traveler and lecturer.

IN JAP PRISON

In 1938 Dr. Line, accompanied by her husband, returned to Korea for a visit where they suffered from treatment by Japanese spys, ending in temporary imprisonment of Mr. Line. On their return to the United States the Lines gave more than four hundred lectures illustrated with colored movies on Korea, throughout Michigan and adjoining States, warning America of Japan's unfriendly attitude towards this country.

Dr. Line has been called into consultation in Washington numerous times, including conferences with Mrs. Roosevelt and has been active in the war effort. For the past two years she has been teaching Oriental languages and Asiatic political background at the Michigan State College, for which she prepared her own text book. On account of illness, Dr. Line was given a year's leave of absence and since October, has been living quietly in Palm Springs.

This will be her first speaking engagement. Mr. and Mrs. Line are not spending all their time in relaxation but are making preparations for work to which they have been appointed by the College as special research agents for a new Foreign Institute department looking toward the training of students for post-war work in South America and Asiatic countries.

AN ARTIST, TOO

Dr. Line combines so many charms and abilities in addition to her college and medical degrees that the writer was amazed that one tiny little lady could command them all.

Having been ordered to rest mentally she decided to learn more of the culinary art and served most delicious sweet cakes and pastries with her afternoon tea, a product all her own. Two beautiful desert scenes with the mountains which she painted were admired, and last but not the least of her charms, she sat down to her harp and her dainty little fingers brought forth the most exquisite refrains of some of our most familiar Christmas music. She is truly to Korea what Mme. Chian Kai-Chek is for the women of China.

An ounce of prevention costs more than it seems worth, but a pound of cure, especially when too late, seems cheap at any price.

CHRISTIAN SCIENCE CHURCHES
"Behold, God is mighty, and despoth not any: he is mighty in strength and wisdom." This declaration from Job is the Golden Text in the Sunday Lesson Sermon on "Mind" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston.

A Bible citation from Luke relates that a centurion sent elders to Jesus "beseeching him that he would come and heal his servant," who "was sick, and ready to die." And when Jesus "was now not far from the house, the centurion sent friends to him, saying unto him, Lord, trouble not thyself: for I am not worthy that thou shouldst enter under my roof: . . . but say in a word, and my servant shall be healed." Jesus "turned him about, and said unto the people that followed him, . . . I have not found so great faith, no, not in Israel. And they that were sent, returning to the house, found the servant whole that had been sick."

"Mind's government of the body must supersede the so-called laws of matter," writes Mary Baker Eddy in the Christian Science textbook, "Science and Health with Key to the Scriptures." And she adds, "Obedience to material law prevents full obedience to spiritual law,—the law which overcomes material conditions and puts matter under the feet of Mind."

39 States Listed In Geographical Census At Church

Thirty-nine states were represented and eight nations at the annual geographical census taken last Sunday at the Community Church. Of those present, and the church was filled to capacity, 49 claimed California as the state of their birth, with 29 natives of Illinois, 21 of Iowa and 20 from Pennsylvania following in close order. Ohio was represented by 19, New York by 17, Michigan by 16 and Missouri by 15. Many

Mr. and Mrs. McNear Visiting In Village

Mr. and Mrs. George P. McNear of Petaluma, and Mr. and Mrs. George P. McNear, Jr., and two children of Peoria, Ill., are guests at the Desert Inn. Mr. and Mrs. McNear, senior, have been winter residents of Palm Springs for the past 15 years.

George P. McNear, III, is now an ensign in the United States Navy.

Other states were also represented.

Of the foreign nations represented, Canada topped the list with six natives, England was next with 4 and there were one each from Norway, Sweden, Denmark, Finland, Macedonia and Germany.

Besides the taking of the census, songs by the Junior choir, 24 youngsters well trained by Mrs. Holly Lash Visel and music by the Chancel choir were enjoyed by the congregation. Mrs. Violet Fowler and her daughter, Patricia, were heard in a duet, to the delight of the audience.

In connection with Dr. J. R. Macartney's address on Abraham Lincoln, Byron Ames recited the Gettysburg Address.

The time to make friends is before you need them.

Faculty And Board View Rare Sight At Dinner Session

By MARGARET WALKER

A rare phenomenon was viewed by the School Board and Faculty members last Tuesday, February 8, at a joint dinner meeting at P.S.H.S.

This strange phenomenon was a "moonshine" rainbow. Not often does one see them in California.

Tuesday, February 8, found a drizzling rain falling on the mountains and in the little Village of Palm Springs. The desert was fair and beautiful and a full moon had risen.

This rainbow appeared at approximately 7:15 and was called to the attention of those present at the meeting. It made a span from Tahquitz Peak to Banning. A distant red periphery could be seen clearly.

Dr. Franklin Purcell, a member of the school board, was so interested in the sight that he insisted upon calling his family on the telephone, so that they, too, might see the "moonshine" rainbow. From their home no rainbow was visible, so they came to the conclusion that Dr. Purcell was just excited over his first Board meeting.

BE MORE CAREFUL DRIVING PAST SCHOOL BUSES

Just last week a local high school student was struck down by a car just as he was about to board a school bus on Indian avenue. He wasn't seriously hurt because he was lucky enough to fall clear of the wheels, but he might have been killed. Then all the "sorrys" in the world would not have brought him back. We are sure that accidents like this one can be avoided if the people of Palm Springs will drive more slowly and carefully when they pass the school buses.

It is a State law that all cars must stop behind the school buses when they are loading or unloading students outside the city limits. When the buses are stopped inside the city limits, cars are supposed to come to a full stop and then pass the bus, not driving over 10 miles per hour.

This year a few people have been careless about driving past the buses and some students have narrowly escaped being hit by cars that pass the school buses going 20 to 35 miles per hour. This indicates the danger of passing a stopped school bus at high speeds.

So when you come upon a school bus either stop or drive slowly past it, depending on whether you are driving in the open country or in business or residential districts. You may be in a hurry, but your slowing down may prevent a serious accident or even a student's life.

—Bob Hoover.

Pep Rally Held At P. S. H. S. Friday Is Great Success

Taking part of their lunch hour, students "under the Maroon and White" attended a pep rally held on the "squad" court of P.S.H.S. Friday just before the final basketball game of the season.

The rally, led by Tony Lowe, was held to send the Indians to Coachella determined to win the championship.

Music for the rally was provided by the band under the direction of Miss Peggy Clarke.

The students, sat on the cool green grass around the music and cheered until they were hoarse. Dr. E. E. Oetzel and Coach Wood Glover are greatly pleased with the results of the rally.

The rally was closed with the singing of the Alma Mater. A rousing cheer went up as the last faint note faded away and the bell called the students to classes.

Palm Springs High School Smoke Signal

East Riverside County Loop Will Drop Baseball

The East Riverside County League had their mid-year meeting on February 7, to discuss whether to have softball this year and discontinue baseball or to resume baseball as the major sport at this time of year. The Banning and Coachella representatives were in favor of having softball instead of baseball because their schools didn't have the facilities to train a team for the baseball season.

The Palm Springs and Beaumont representatives wanted baseball just as in the previous years. It was finally decided to discontinue baseball and have a softball league this year.

At this meeting the representatives mapped out a softball, tennis and track schedule.

All softball games will start at 7:00 P. M., unless special arrangements are made.

The softball schedule is as follows:

March 10—Palm Springs at Beaumont, Banning at Coachella; March 17—Beaumont at Banning, Palm Springs at Coachella (March 16); March 24—Coachella at Beaumont, Banning at Palm Springs; March 31—Beaumont at Palm Springs, Coachella at Banning; April 14—Banning at Beaumont, Coachella at Palm Springs (April 13); April 21—Beaumont at Coachella, Palm Springs at Banning.

Tennis schedule:
April 29—League Tournament at Palm Springs, boys and girls, 8:00 A. M.

Track schedule:
May 6—League track meet at Coachella at 9:00 A. M.

Miss Peggy Clarke On Brief Leave To Visit in Texas

Miss Peggy Clarke, teacher of Aviation Ground School, band, and Girl's Glee Club, left Sunday to visit her fiancé at an active military post in Texas. Miss Clarke received a message last week saying he expected to report for active duty soon.

Substituting for Miss Clarke is Mrs. Dorothy Smith. Mrs. Smith is known as a fine violinist and Glee Club instructor.

Mrs. Smith said today that all work had been mapped out by Miss Clarke and she hoped to continue the classes in regular schedule. She is now working with some of the band boys on several numbers for the Lions Club annual Father-Son luncheon.

Miss Clarke expects to return Wednesday of next week.

High School Grad Whittier College Student Candidate

Miss Virginia Valentine, daughter of Harry E. Valentine, of Walnut Park, and a winter resident here, is one of three candidates running for the presidency of the Associated Students of Whittier college, an item of news of much interest here where she has many friends.

While in her senior year at Palm Springs high school, she was president of the student body and active in school affairs.

Majoring in chemistry, with a minor in mathematics and physical education, she is now a junior at Whittier college.

Years ago they made the dollar bill smaller in size, in the past year it has just seemed to grow smaller.

GAZZOIT

(By "CECIL")

Fellow students: Have nothing to do so, thought I would write this column. Have nothing to say, so guess I will close.

However, I might add:

Let's give three cheers for both the "A" and "B" basketball teams for the swell game they played in Coachella. Both games were swell, and even though we didn't win, the boys deserve a big hand from all of us for their hard work, and that ole Maroon and White fighting spirit.

Trudy had a party Saturday night after the show. Everyone drank real cokes and ate tuna sandwiches while the pennies changed hands. Mostly in Zeke's direction.

Hear Windy Point was the scene of much activity over the week-end. Coming into town covered with sand were: Inman and Colin, Dell Rock and Barbara Smith, Fern and Diana, and Sally and "J. B." Incidentally they're all authorities on frozen feet, and how to get them.

Three prominent members of the student body checked out Friday. Cora Strout, saying goodbye to Bob Hoover every half hour. Betty Chapman, going to parts unknown but leaving her thoughts in Hemet. Dell Rock, leaving for Oakland. Also stranding several Sophomores and Junior wolves without transportation.

Saw Al Adolph and friend in town last week. Al spent most of his spare time with Gloria Flavin.

Will someone please give Fern a hot-foot so he'll wake up and take notice of the things around him.

Before Betty Chapman left, Jay Gordon gave her a locket to remember him by, but we wonder if she'll need anything to remind her.

You should have seen Trudy Monday night, giving lessons on the art of holding a baby. She did all right, too.

It seems there are some inmates around school who don't know where to stop. Just don't blame anyone else, and there's no use crying over spilled milk.

Jo and Dick are still going steady. They took in the premiere Wednesday night.

Gil and Babs making a cute couple last Friday, and also at the premiere.

New face around school: Wanda McDaniel.

Anyone who has gained five pounds in the last week will tell you it's from the Valentine candy they got. We wonder if there were heart shaped boxes left in town after the local romances spent their hard-earned cash. Anyway the candy sure was good.

Seems Jim Dart had a little date trouble last Sunday night. Could it be that a certain blonde Freshman stood him up?

Seen around this week: Warner and Diana going home from the premiere. Carey and Renville at the premiere. Hoover and Trudy Van Dusen figuring out how to use the theater pass Bob won. (Congratulations.) And of course Trudy 'n Bob, Norma and Smitty, and Barbara and Zeke as usual. And Barbara Inman and the Sophomores.

We all want to say goodbye to Nick Mutascio. There isn't a great deal to say about Nick except that he's one swell fella, and we're all going to miss him a lot.

Next Tuesday is Washington's birthday, and we're helping celebrate it. There won't be any school on that day so you can get some of that much needed rest. BUT! Don't forget the skating party and the Field Club Rink that night. It will be sponsored by the Juniors. Everyone be sure to come.

Toni has been hearing from Bill quite regularly. She reports that he's very cold and misses Palm Springs.

That's my limit for this week. I'll be back next week, same ole column, same ole dirt, and maybe something new. But I doubt it.

Hindsight enables you-at 60 to correct the opinion you held at 50 of the move you might have made at 40 that would have gotten you out of the rut at 30.

May We Introduce

BY JO AND BOB

GIRL OF THE WEEK:

This week we'd like to introduce one of Palm Springs' High School's most charming coeds.

Born in Banning June 3, 1927, she moved to P.S. (the booming metropolis) at the age of one.

She is one of the Junior class's prominent members. She has been quite active during her three years in high school. In her Freshman year she was vice-president of the G.A.A., and in her Sophomore year she was elected president of her class and treasurer of the G.A.A. Again this year she was elected vice-president of the G.A.A., but since her grades weren't quite up to par, she was forced to forfeit her office to a "B" child.

When you see her strolling around the campus between classes, you'll notice she is usually nibbling on an apple. (She must believe in that old proverb: "An apple a day keeps the doctor away.") After school at the local fountain, she orders a lime coke, but at dinner time she prefers mashed potatoes.

This lovely blue-eyed blonde creature stands 5' 7½" tall and weighs 130 lbs. Since she is a fair blonde, she wears coral and blue nicely and wears these colors often.

Stacked as she is, she really looks sharp in suits and is a fiend for tailored suits with real zoot jackets.

Her secret ambition is to have her golden locks grow inches and inches longer and to be able to drive like Van. When her ability is equal to that of Van's, she wants to buy a '39 V-8 black convertible, equipped with spots. When, if, she gets this car, she'll drive in to L. A. and have Horning fix her up with a set of pipes (and I don't mean water pipes).

When this lassie attends the cinema she prefers to see old pictures starring Captain James Stewart (me too—oh, Bwang!) and the latest ones starring Lana Turner.

This hep-cat prefers Harry James and his orchestra, but she likes Kay Kayser's recording of "Pushin' Sand" best.

She doesn't wish to be quoted on her love life but it "has been" Van for the last couple of years.

BUT—she's been talking a lot about a certain Junior boy (for his description see the other half of this column!)

Her favorite out-door activities are horseback riding and swimming.

You'll usually see her around the campus or at a fountain up town with Mabrey, Barbara, Toni, Trudy, "Cecil" and Jo. (Or should I say the theatre crew?)

Introducing that cute coed of the campus: Babs Nee. Oh—I almost forgot, she is the Junior class's candidate for "Queen of the Carnival." May I add she's a swell kid and would make a darn good Queen. (Plug!)

BOY OF THE WEEK

The handsome young man we introduce this week was born in Long Beach on September 25, 1927. He weighs 135 pounds, and is 5 feet 9½ inches tall. He has brown eyes and dark brown hair.

He has no steady girl friend, so if any girl is looking for a man, you will find him running around with Colin Bragg, "J. B." Emigh, Jay Gordon, Dick Moseley, and Dell Rock.

When it comes to sports you should be able to find him near the water, because he likes water sports the best of any. Then comes basketball and football.

His favorite orchestra leader is Harry James, and when it comes to records, he likes best "Begin the Beguine" by X. Cugat. His favorite foods are beans, prime rib roast, and for refreshments, root beer floats top the list.

If and when he gets out of school, he wants to go to the north woods of Canada.

When he gets enough money he wants to get a black '39 V-12 Ford, with a Carson top, skirts, dual pipes, with Walkers, twin spots, and no chrome on the car. His greatest ambition is to be a midget auto racer.

His pet dislikes are "people who put on swing." The character he wants most to meet is Bugs Bunny.

If you don't know this young "WOLF" by now, I would like to introduce to you a swell guy—Bob Fern.

Pay Telephone Bills before the 10th and receive your discount.

Indians Defeated In Championship Play-Offs By Arabs

By BOB LIENAU

Last Friday night was an unhappy one for the Indian hoop teams. The Palm Springs teams played, and were defeated by the Coachella Arabs on the latter's courts.

This game was to "cinch" the East Riverside County League championship for either team. Consequently the Arabs came off the floor the E.R.C.L. champions. The score was: Coachella 26, Palm Springs 20.

The Indians started this encounter as if they were going to beat the Arabs easily. At the end of the first period, the Palm Springs team was leading Coachella 13-8.

ARABS COME BACK

This was encouraging to the Indians, but the Arabs came back in the second quarter and were leading the local team at the end of the first half, 16-15.

The third period was an exciting one as the two teams were determined to win this game. Once again at the end of the third period, the score was in favor of Coachella. The scoreboard read Palm Springs 19, Coachella 21.

During the final period it was a hard battle, but the Arabs defeated the Indians 26-20.

High point honors were received by Art Jurado, guard, with six points. Jurado is a Sophomore and a lot is expected from him during the next two years.

The starting lineup was:
Palm Springs Position Coachella
Sandeffer 2 RF Jenkins 3
Smith 4 LF Dalton 8
Gallagher 5 C Duncan 6
Lienau RG Schmid 6
Jurado 6 LG Barrilledux 1

B's DROP GAME

It was a bad day for the P.S. "B's" when they were beat by Coachella with the lopsided score of 27-14. This was the sixth defeat the Indian midgets received this season.

High point man was Bob Bell, forward, who made all of the 14 points.

The starting lineup was as follows:

Palm Springs Position Coachella
Bell 11 RG Anderson 5
Ashley LF Murphy 14
Moore 3 C Wise 5
Smith RG Jesson
Wills LG Sherrod 1

Four Seniors were on the varsity team this season and all will be missed greatly next year.

Joe Sandeffer, guard, has played four years of basketball. Sandeffer was on the varsity during his Junior and Senior years.

Bill Foster, guard, played with the varsity team for two seasons. Foster played only part of this season. He was drafted during the year.

Jerry Tracy, lanky center, played for two seasons on varsity. He will be a great loss to the team.

John Ward, center, played his first season of basketball. He showed that he really liked the

John Wilson Wins Lions Club Honor In Speech Contest

John Wilson came out in first place in the seventh annual Lions Club student speakers contest held at the regular luncheon meeting of the local Lions Club Thursday noon, February 10. He will now represent Palm Springs high in a zone contest to be held here March 16. Contestants in the zone meeting will come from Coachella, Banning and Palm Springs.

John competed for top honors in the contest last Thursday with John Chaffey and McKinley McDaniels. These three speakers had been selected previously to represent P.S.H.S. in a preliminary contest held February 14 at the high school.

The following P.S.H.S. people were participants in the preliminary contest: Lori Lee Bering, John Chaffey, Jean Gilmore, McKinley McDaniels, and Diana Robb. These students were coached by Miss Mary Louise Gaylord, dramatics and English teacher.

First prize in the February 10 contest was \$5.00 in war stamps. Second and third places paid \$2.50 each in war stamps. Prizes to be awarded the winner and his runners up in the zone contest will be cash awards totaling \$10.

game by coming out to practice every day.

This winds up the "44" basketball season. The Indians had three wins and three losses. They came in second in E.R.C.L. This record will be changed when next year they come back and take the championship—we hope.

Mrs. Bertha Carter Resigns Position At Village C. of C.

Another important change occurred at the Palm Springs Chamber of Commerce this week when Mrs. Bertha Carter, assistant secretary and on the job at the desk there ever since the office opened, left her tasks to enjoy a well earned rest. Mrs. Carter, who was with the Palm Springs Business Men's association and the Palm Springs Associates before they merged with the Chamber to make one big organization in May, 1939, has no definite plans for the immediate future and has just rest and relaxation in view.

While she has been connected with the Associates and then the Chamber she has worked with Secretaries M. C. Dudley, M. L. Peterson, Culver Nichols, Frank Bogart and John R. E. Chaffey. She has aided in getting out pages of publicity in word and picture, from coast to coast and even overseas.

One of her prized possessions is a clipping from The Desert Sun of five years ago describing the opening of the new Chamber of Commerce offices (at their present location) in October, 1939.

Credit is given in the clipping to Mrs. Nellie Coffman for comfortable furniture for the office; to Stephen H. Willard for the large photographic murals; to Architect John Porter Clark; Landlord Herbert Carpenter; the Desert Electric company; Ellis Holcomb, Ray Gaubatz, the Palm Springs Builders' Supply and the Dill Lumber company for their cooperation and donations which made the fine office possible.

Among the first-nighters to see Ethel Barrymore in "The Corn Is Green" in Los Angeles were Mr. and Mrs. Earl Coffman of Palm Springs.

When in doubt tell the truth.—Mark Twain.

Don't Give Away Those Loose Gasoline Coupons—You May Lose Your Own, Warns Chairman Lippman of Local Ration Board

Don't give away your loose and uncashed gasoline coupons—or you may find yourself without gasoline just when you need it most.

Chairman William A. Lippman of the local war price and rationing board, this week warned C book holders and the other essential users that the question of whether they will continue to get gasoline without difficulty is "in a large degree, up to themselves."

USING TOO MUCH

"The Pacific Coast has been using more than its quota of gasoline," Mr. Lippman said. "The result has been periodic gas famines."

This condition will continue, and will get increasingly worse, unless those to whom extra privileges have been granted cease the practice of giving away, or selling, coupons not needed by them.

"It would be foolhardy to claim that OPA, or any other group, could determine to the exact gallon how much an essential user should have. This has, unfortunately, resulted in the 'loose coupon' evil."

TURN THEM BACK

"A motorist who gives a friend an excess three-gallon coupon may feel that he is committing no serious crime. But the fact remains that those three gallons, used for non-essential driving, will one day be denied to a man who requires the use of his vehicle in vital war work."

"The motorist who estimated his needs at 80 gallons and uses 60 does no harm if, at the end of his rationing period, he returns the excess coupons to his board."

UP TO MOTORISTS

"But the essential driver who illegally diverts excess coupons is doing a disservice, not only to the war effort, but to the family-car operators and so-called non-preferred business men who are uncompromisingly getting by on a bare minimum."

"Mr. Lippman said that applications for supplemental gasoline will be subject to greater scrutiny from now on but that the "loose" coupon practice is a problem to be met by the "conscience and sense-of-duty of those gasoline users who have been given extra gasoline privileges on the grounds of essentiality."

Major Ransom In Village to Spend 30-Day Furlough

Major Robert Ransom arrived in Palm Springs this week and will be here on a 30 day furlough. First stationed near Tucson at an army air field where he held many responsible offices, Major Ransom was later transferred to Rapid City, South Dakota.

The past four months he has been at Fitzsimmons hospital, Denver, undergoing treatment for injuries.

He will divide his time between looking after business interests and visiting while here.

Marriage license was issued Tuesday at Riverside to Jack B. Hensen, 21, and June L. Gill, 21, both of Palm Springs.

Six Stamps Will Expire Within Next Eight Days

Six stamps will run out before the OPA's new token system goes into effect Sunday, Feb. 27. Green stamps G, H and J run out Sunday, Feb. 20, and Brown stamps V, W, X in Book 3, expire February 26.

Green stamps K, L and M which became effective Feb. 1, are good until March 20 at their 8, 5, 2 and 1 values as will Brown stamps Y and Z, the latter good next Sunday. They will overlap the stamps which become effective Feb. 27 and which will all be good for 10 points. Tokens will be given in exchange for K, L and M and for Y and Z just as for the new stamps.

Milners Purchase Building In Which Store Is Located

Mr. and Mrs. Don Milner of Milner's 5 and 10, at 274 North Palm Canyon drive, have purchased the property where their store is located, from George and Mary Tarter, pioneers in the Village, who operated a date shop here for many years, it was announced this week. The Tarters have since retired and now live at Big Bear where they are now in the gold mine business. The Tarters built the building several years ago.

Mr. and Mrs. Milner first operated a shop in the lobby of the Del Tahquitz hotel, later opening a variety store just below the Plaza.

About a year ago they moved to their present location and since that time have expanded the business from the usual variety 5 and 10 to a completely stocked store.

Villagers Get Bid to Romance Tour

Members of the Palm Springs Chamber of Commerce have been invited by the Roads to Romance association to attend a tour March 3 covering two great industries of the valley stretching westward between Fontana and Ontario. First, starting at 11 a. m., will be a tour of the vast Kaiser steel mills at Fontana with luncheon there and then a tour of the huge winery of the Italian Vineyard company at Gausti.

Mrs. O'Donnell to Be Home In Week

Mrs. Thomas A. O'Donnell is at the home of Dr. and Mrs. William A. Jenney in Los Angeles, recuperating from an operation performed a week ago at the Wilshire hospital, Los Angeles.

She expects to return to Palm Springs within a week or two.

Rationing Rules

Your Coupon Schedule

Sugar—Stamp No. 30, Book 4, good for five pounds of sugar until March 31. Stamp No. 40, Book 4, good for 5 pounds of sugar for canning purposes until Feb. 28, 1945.

Shoes—Stamp No. 18, Book 1, and Stamp No. 1 on airplane sheet in Book 3, good for one pair of shoes each. No expiration date set.

Gasoline—Coupon No. 10 A books, good until March 21. Three gallons per coupon.

Canned Goods—Green stamps G, H and J in Book 4, good until Sunday. Stamps K, L and M good until March 20.

Meats, Cheese, etc—(Including edible fats and oils and canned fish)—Brown stamps from war ration book Number 3 are valid as listed below.

V, W and X good until Feb. 26. Y and Z, the latter good next Sunday, will expire March 20.

Waste Fats—Each pound of waste fats is good for two meat ration points.

Tire Inspections—A-book cars next deadline March 31.

B-book cars, next deadline, Feb. 29, 1944.

C-book cars, next deadline, Feb. 29, 1944.

Rationing Boards of Desert Area In Conference Here

Friday, members of the War Price and Rationing Boards of Banning and Indio met with the local board to discuss common problems and inter-territory matters.

The group met in the evening at the local board headquarters on North Palm Canyon Drive. Occasion of the meeting was the presence in Palm Springs of three OPA representatives: William Dudley of Los Angeles, special field officer for the Southern California District, William S. Pearce, gasoline field representative and Harold L. Record of Riverside, who is a regular weekly visitor to the boards in this area, being the field agent for the Board Operation division at Los Angeles.

DISCUSS PROBLEMS

The program was devoted to numerous confusing and complicated situations, some of them old, some new, due to changes in regulations. The public little realizes the scope of work laid out for these boards, with the never ending changes in rationing programs. Lengthy discussions covered such matters as restraint of mileage issues; phases of black-marketing and what boards can do to eliminate some of the practices in use; tires and their scarcity and one matter in particular affecting many living in this area.

Following suggestions coming from time to time from headquarters and seeking to clarify the issue of rations to military personnel and their families, it has been determined that all soldiers assigned to the desert maneuver area, Camp Young, Camp Coxcomb, Granite Mountain, and so on, who already must contact their post transportation committee for all ration matters, are required to obtain their gas, as well as tires, through the board at Indio. The ration officer at headquarters in the desert connects with Indio three times weekly and thus facilitates this business. This holds true regardless of where the service man's family may live in this area, in Indio, Palm Village, Cathedral City, or Palm Springs.

SITUATION SERIOUS

The visitors from OPA, especially Mr. Dudley, fresh from conferences in Los Angeles with top bracket mileage men from Washington and San Francisco, made quite clear that the gasoline situation was very serious—that every drop and gallon of vital motor fuel that can be saved to the war effort, must be carefully hoarded by holding coupon issues to the lowest possible level. There is no unessential driving in sight for some time to come, and the situation will probably become worse before many months roll by.

Every one present showed their understanding of the vital importance of safe guarding the nation's supply of gasoline.

From Banning came Frank Brainard, chairman, with members Fred Abst, Ed Norcross and Jeff M. Sherk. Indio was represented by three of the capable women who have done such a fine job there, Mrs. Cora G. Scott, who has been chairman for almost two years, Ella B. Jones, chief clerk, and Mrs. Frances Cross.

The Palm Springs board was represented by Messrs. Davies, O'Lehur, Haymond, Isenagel, Langtry, Shepherd and Simon, as well as Miss Finchey, Mrs. Hornel, Mrs. Kofeld, Miss McQuillin, Mrs. Pinney, and Chairman Lippman.

It is planned to hold other meetings of this type.

A. P. Giannini Is Visitor In Village

A. P. Giannini, head of the Bank of America, who has been a visitor in Palm Springs for the past few weeks, attended the meeting of the advisory board of the Palm Springs branch Tuesday morning through Fred Ingram, manager, met all of the employees of the local bank.

Mr. Giannini left for the north Wednesday after his two weeks rest here.

Mrs. E. B. McGovern Undergoes Operation

Mrs. E. B. McGovern, wife of the president of McGovern and McGovern, nationally known fish canners of Seattle, Wash., is in the Good Samaritan hospital, Los Angeles, where early this week she underwent an operation.

Mr. McGovern was in Los Angeles with her.

Upon her complete recovery, she will return to Palm Springs to spend the balance of the season.

Dollar And Cents Prices Instituted

It is announced by William A. Lippman, chairman of War Price and Rationing Board of Palm Springs, located at 622 N. Palm Canyon Drive, that Dollars-and-Cents community prices have been instituted in this area, on certain products.

All citizens may be made acquainted with this by their local grocery stores and the Price Panel of the local board will meet every Wednesday between ten and eleven A. M., for any complaints of violations of this OPA order which may be made.

Masons Discuss Plans For Aid to Servicemen Here

Selection of a hostess for the new Masonic servicemen's headquarters in the room at the entrance to the Desert Inn grounds and discussion of the work being done for soldiers there, occupied the Masonic committee in charge of the rooms at a meeting this week.

The committee, meeting at the call of Chairman M. Van Cleef, discussed plans for the headquarters and its work for the servicemen. Lloyd Simon, president of the club, presided and committee members present were John Mulholland, Harry Klonick, Myron V. Wilson, M. Van Cleef, A. V. Linkletter, Mayor F. V. Shannon, John Archibald, Clarence Wolff, Louis Purcell.

Announcement was made that the next luncheon meeting would be held at the Desert Inn at noon, Tuesday, Feb. 29. All Masons are urged to attend.

Gasoline Tax Shows 12 Per Cent Drop

Riverside county was apportioned \$22,782.98 in gasoline tax money this week, its share in \$11,540,428 distributed by State Controller Harry B. Riley for the quarter ending Dec. 31, 1943. Riley said that, due to gasoline rationing, the sum was 12.6 per cent less than for the corresponding quarter in 1942.

Mrs. Hyde Enlarges Real Estate Office

In order to give better service to her large list of customers, Mrs. Cora Belle Hyde, realtor, this week completed the enlarging of her office at 290 North Palm Canyon drive.

Office space has been enlarged and a private office installed to facilitate the work of Mrs. Hyde and staff.

Damage In Trailer Fire Set At \$300

Damage estimated at \$300 was done to a trailer and its contents at the Trailer Park at 370 North Indian avenue last Friday night.

The trailer was owned by Mrs. D. Williams and was rented to P. D. Smith, a soldier. Damage to the trailer was fixed at \$200 and to Smith's possessions, at \$100.

Dilworth Will Aid In Bureau Request

Palm Springs will have a drivers' license examining bureau at stated intervals if Assemblyman Nelson Dilworth can help. In a communication to city council this week he acknowledged receipt of the city's request and said that it was a matter of manpower and re-arranging schedules of present examiners.

He assured the city he would do everything possible to expedite the matter.

Study Policy For Use of City Rooms

City council's committee on Plans and Policies—George Housman, C. P. Adams and John Connel—was given the task of formulating a policy for allowing organizations to use city council chambers for meetings.

The action was taken Wednesday night following a request from the newly organized Veterans of Foreign Wars Post here for permission to use either the council chambers or the assembly room in the fire station for meetings.

Go outdoors and get rid of nerves.—Dr. Frank M. Crane.

Planning Commission Hearing Continued

To gain additional facts on the request, city council, conducting a hearing on the request of Gertrude M. Knowles for a change in zoning at her property in the northern section of the city, was continued until March 1.

The planning commission had recommended the request be denied without prejudice until a plan of proposed improvements could be studied.

There are thousands of hidden taxes these days, but, alas, no place where the taxpayer can hide.

WANTED TO BUY — Fair sized mangle. Must be in good condition. 223 No. Indian Ave. c

"I Rise to Remark"

By CONGRESSMAN JOHN PHELIPS

The discussion of UNRRA continues. The list sent me from OFRO contained names of men and women familiar to everyone who has had anything to do with the W. P. A. or the S. R. A. or other relief groups since 1944. A director of the California S. R. A. under Governor Olson appeared as chief of a division at \$8000. Many were names of men and women known to be, shall I say, highly liberal.

I personally was told by the head of a government agency that a certain man on the list was to have been assigned to his agency after unsuccessful attempts to assign him to other agencies, but he had "succeeded in getting him assigned to the Lehman committee instead."

I do not know how many of these men and women have been taken over by UNRRA. It is another thing not yet told the Congress.

What will be the position of the United States in the set-up. There are 44 nations signing the pact. The United States will have one vote in the general council. The Commonwealth of Great Britain has, as signatories to the agreement, Australia, Canada, India, New Zealand, South Africa, England (including northern Ireland). I doubt if these will always agree; I state only as a fact that we have one vote of 44.

The executive committee is composed of the representatives of the four largest powers: England, Russia, China and the United States. It runs UNRRA between council meetings. The Director General is Governor Lehman. Does he represent the United States? Turn to page 136 of the transcript.

The question is asked: "As Director General, you are serving for UNRRA, rather than as a representative of the United States. You are a creature of UNRRA and must follow instructions of the council?"

Governor Lehman replied: "I want to make that very clear. I am not here at all as the representative of the United States. I am here exclusively as an international official representing the 44 governments as a group."

If the United States is not satisfied with the activities of UNRRA, can we amend the agreement? Practically no; it can be amended by a 2/3 vote of the 44 nations. Amendments to Articles III and IV (the operating sections) must have also the approval of ALL FOUR members of the executive committee.

The bill asks for a money limitation of \$1,350,000,000. What for? "Relief and rehabilitation" — no details. I'm not so sure we want to finance a world W. P. A. We weren't so happy with our own little one a few years back.

How was the figure arrived at? By taking the income of the member nations; adjusting some because of war conditions, dividing costs between the rest. We come in on a basis of 1% of our income. That makes \$1,350,000,000. Do we need that much? Who knows?

Casitas del Monte Hotel Changes Hands

Chrystal T. Wooster announced this week that he had sold the Casitas del Monte hotel at 2281 South Palm Canyon drive, "The Gateway to Palm Canyon" and that the hotel is now under the management of Miss Esther McGee.

Miss McGee was formerly of the Desert Retreat. The change in management went into effect Feb. 8.

State Income Tax Man Coming Feb. 28

An income tax examiner from the Los Angeles office of C. J. McColgan, will be at the council chambers to assist taxpayers with their California personal income tax returns for 1943 on Monday, Feb. 28, it was announced today. There will be no charge for this service.

No Fire, Just Test of Alarm System

That was no fire Wednesday afternoon at 1.30. Telephone company employees, tuning up the fire alarm system, had to sound it off in testing, and had downtown Palm Springs out in the streets waiting for the trucks which didn't appear.

Bars For Zoos

Bars for zoos, jails, bank vaults are of steel, high in carbon and manganese content, to make them strong, hard, unbreakable, and impossible to cut with ordinary instruments.

MORE ABOUT . . .

Nominations . . .

announced his candidacy.

Two rumors were quashed this week when Gordon Nicholson and Tom Holland, both prominently mentioned as potential candidates, both vigorously denied that they would get into the race.

Another persistent rumor circulated was to the effect that John Connell had been drafted and would not be in the race. Connell scotched this one and declared he was definitely in the campaign.

NONE IN SEVENTH

So far at least one candidate has appeared in every district except the seventh, where George Housman, incumbent, says he is not a candidate for re-election but where strong pressure is being brought to bear on Clarence Hyde to cast his hat into the arena.

Deadline for filing nomination papers falls on March 11. Deadline for registration is March 2. The election falls on April 11.

For Essential Transportation — Yellow Cabs. Phone 4444.

MORE ABOUT . . .

Water Use . . .

ate and that the request for service outside of this area would set a precedent which might endanger service to present and potential customers in the area.

Many questions were involved in the hearing—that of land use, planning, sufficient supply for the Village proper, which is in the service area, and others—and as a result, the hearing could not be concluded in a day.

CITY PROTEST

The city of Palm Springs, because of the vital bearing on future needs was involved, joined in the protest and was represented at the hearing by Mayor F. V. Shannon, Councilman Philip L. Boyd, City Manager Ray M. Sorum, City Attorney Roy Colegate and Assistant Public Works Director P. M. Swart. Alva Hicks, president, George Holditch, manager, and Harold Hicks were present for the water company. William Veith, Indian agent here, and several leaders of the Indians and many adjacent property owners were at the hearing.

MORE ABOUT . . .

Inventions . . .

only gadget known locally to have any effect on a wet barracks bag.

Nesmith who is a native Missourian has made his home here for several years and is generally credited with introducing steel home construction in Palm Springs. He is an active member of the Lions Club also. Thirty years ago he began his inventive career with a jointer guard and since that time has applied for 46 patents, 32 of which have been granted.

GOVERNMENT AWARDS

Official War Department recognition of Nesmith's ingenuity came last week with presentation of the award by Lt. Col. E. T. Thompson, Executive Officer of Torney General Hospital. A smaller award went to Milbert Cameron, another local resident, whose idea for installation of telephones at post engineer shops has resulted in conservation of considerable time according to hospital officials. Col. Thompson also presented service pins to hospital workers who have been on their jobs six months.

Used Car Lot Plea Referred to Planners

Request of Leo Paquette of the Valley Garage, 308 North Indian avenue, for a permit to install a used car lot at his place of business was referred to the city planning commission after presentation to city council Wednesday night.

Speaking of postwar reserves and what they'll mean to our country's well-being when peace comes, a Chicago mail-order house had to return 55 million dollars to customers in the first six months of 1943, because the merchandise they ordered was no longer in stock or available.

San Jacinto Man In Race For State Senate

Frank O. Dunbar, San Jacinto real estate man, has announced that he will be a candidate for state senator on both the Republican and Democratic tickets.

Dunbar has been a resident of Riverside county for two and one-half years coming here from Los Angeles county where he had lived for 35 years. He is engaged in selling real estate and ranching, operating the D. V. Ranch which raises pedigreed Poland China hogs. He is also interested in raising cattle and horses.

In his statement to the citizens of Riverside county, Dunbar has the following to say:

"During these trying times — times that have drawn upon the youth and upon the resources of the entire United States—Riverside county has been without representation in the Upper house of the California State legislature. This has been a serious handicap, and 1944 presents the time, due to a state election, to choose a senator who can represent all of the people—all of the time. Who is not—and has not—ever been identified with any political faction seeking personal gain in this county.

"Believing in the principles of democracy and willing to abide by the rules of fair play and sincere representation for the county of my choice, where I have made my home, will raise my family, and build my future—regardless of the forth coming election—I wish to formally announce my candidacy for senator from Riverside county on both the Democratic and Republican tickets for the August primaries and the November general election.

"My one and only pledge is, that if I am nominated and elected, that I will faithfully represent

Codfish Cycle

A codfish lived three months in an airtight globe at the North Dakota Agricultural college of Fargo. Water plants inside the globe were kept alive by carbon dioxide given off by the fish, which in turn breathed the oxygen the plants gave off and ate them.

In Australia, government medical men supervise 48 casualty centers maintained at munition establishments; more than 500,000 examinations for industrial diseases were made during the past year, and 10,000 X-rays were taken.

The South has produced 12 presidents of the United States.

sent the people of the county to the extent that Riverside county will share justly and equitably in the up-building of the great state of California."

YOU'RE IN THE ARMY NOW

"Sergeant—Here's a good man for an advance scout in our next Ranger raid—my brother-in-law!"

Keys Appeal From Verdict In County Court Is Overruled

Judgment of Riverside county superior court in the William Keys case has been affirmed by the fourth district appellate court according to notice received by District Attorney John Neblett this week. Keys was convicted of manslaughter after a 21-day trial for the slaying of Worth Bagley in a dispute over a road in the 29 Palms district.

Keys has been in Riverside county jail in lieu of \$10,000 bond since August 3 pending decision on his appeal.

He now faces a sentence in San Quentin prison, imposed at the conclusion of his trial by Superior Judge G. R. Freeman.

Two Fast Football Games Staged On Field Club Ground

Two fast football games were played at the Field Club this week between teams in the touch football league with the 211th Ordnance winning from the Air Base headquarters team 18 to 14 and the 909th Ordnance team defeating the 459th Squadron 36-0.

The 211th Ordnance victory is under protest, HQ players declaring the winning touchdown, illegal. It was made on a pass and it is claimed the pass was caught out of bounds.

A referee says the pass was caught on the line but admits being too far away to tell whether in or out. A committee will rule on the game this week.

In the 909th victory, the star was Sgt. Gailbraith whose fancy broken field running had the spectators in an uproar.

Last week the 459th dropped one to the 200th Ordnance, 6 to 18.

Fast Field to Compete This Week End For Trophy In Ninth Annual Tournament On Desert Golf Course; Play Under Way

The Desert Golf course was a busy place this week as notables and lesser lights tuned up for the Ninth annual Palm Springs Invitational tournament which got under way this morning with the senior tournament.

The championships proper will be played tomorrow and Sunday over 36 holes, 18 holes each day.

The field in the championships is one of the greatest in many years with three former Palm Springs champions out to repeat. They are Johnny Dawson, holder of the tournament record; Bruce McCormick and Neil Whitney. A dozen others will strive to get their name on the cup, new this year, and to break the remarkable 66-64-130 mark set by Dawson in 1940, a mark six under par.

HOT FAVORITE

D. J. Bridgeford, San Francisco, who has been practicing on the course for the past two weeks, has had three 66's and is rated one of the hot favorites. John Heddon also has a 66 tune-up round to his credit while Carl Haymond, Tacoma and Palm Springs resident, has been under par several times. Par is 34 for the nine.

Among the stars from the southland who will try for the trophy are Carl Hannan, Ray Sleepy, Ralph Evans, C. E. Erdman, Buck Weaver, Dave McEvoy and Nate Marshall, Jack Gaines won the tournament last year, taking permanent possession of the trophy having won it in 1937 and 1939. George Howard, Desert course pro, had to buy a new trophy this year.

MANY ENTRIES

Howard says that almost 120 have entered the tournament and will compete in three classes, 0-7 in A, 8-15 in B and 16-24 in Class C.

The senior tournament, which started today over 18 holes is also divided into classes, by age groups. It is for golfers over 50 and D. P. O'Keefe of Los Angeles is the defending champion.

THOSE IN CHARGE

Co-chairmen of the Tournament committee are Thomas A. O'Donnell and J. E. French and members are John Hamrick, J. W. McAllister, Fred Ingram, Carl Haymond, Ernest La Fluer, John Kline and George Howard.

John Kline, superintendent of the course, has it in excellent shape for the tournament, much to the delight of the large, fast field competing.

Hero of Fighting In Italy Formerly At Hospital Here

Pfc. William Bloxom, 22, who was mentioned last week in a United Press dispatch as one of the heroes of the fighting in Italy, was formerly stationed at Torney General Hospital here, friends said, and was popular in the Village younger set. He left here for overseas a few months ago and has kept in touch with friends made here.

Pfc. Bloxom and two other medical corpsmen risked their lives in an attempt to save American wounded under German gun fire but apparently escaped unscathed.

He is the son of Mrs. Edna E. Bloxom of Las Cruces, New Mexico.

Serviceman's Cage Loop Closes With 81st As Champions

The Palm Springs Serviceman's basketball loop came to an end this week with one of the hottest games of the league between the 459th and Headquarters fives of the air base, putting the climax to the circuit's nine-game round robin.

The 459th nosed out the HQ company 34 to 33, throwing the losers into a third place tie with the air base Officers and hoisting themselves into fifth place.

The honors were won by the 81st General Hospital which went through their nine games without a defeat. Torney General Hospital won eight of their nine games losing only to the 81st. Torney's last game in the loop was a 44-39 win over the 459th.

The final standings:

Team	W	L	Pct.
81st Gen. Hosp.	9	0	1.000
Torney Gen. Hosp.	8	1	.888
Headquarters	6	3	.666
Officers	6	3	.666
459th	5	4	.555
73rd	4	5	.444
Weather & Signal	2	7	.222
Q.M. & Medics	2	7	.222
72nd Squadron	2	7	.222
1270th & Mess	1	8	.111

Field Club Sport Show Gives Throng Lots of Excitement

Plenty of amusement and thrills featured the sports show of Service Sports, Inc., at the Field Club last Sunday afternoon with a crowd of approximately 1200 present to watch the proceedings. Several prominent sports figures including Jerry Geisler, head of the state athletic commission, Beans Reardon, famous umpire, Dan Tobey, noted announcer who acted as Master of Ceremonies, Jack Johnson, Bull Montana Jim Londos and others.

UNEXPECTED THRILL

Three boxing matches and two wrestling bouts marked the program but the biggest thrill was an unexpected one in which three Military Police provided high entertainment as volunteer actors.

It was during a staged bout between the "champion" of the navy and the "champion" of the army. All went as rehearsed with the sailor flooring the soldier who in turn was floored by the sailor's second, who in turn met up with the soldier's second. Then all swung on the referee and the climax was to have been the sudden appearance of a woman in the ring who floored them all.

NOT IN ON IT

But they failed to let the M.P.'s in on it and when it appeared as if a riot were going on in the arena, the three police saw their duty and "done it." They went in with night sticks and had the place quieted down before the woman could get in and bop all participants as planned. It was a great show.

The boxing and wrestling bouts were excellent as was the rest of the program, acrobatic and gymnasium acts, by a group of stunt men from Hollywood.

BOOST FOR BONDS

The show also netted \$2,525 in war bonds to help swell the Palm Springs total. A set of boxing gloves, autographed by Jack Johnson went to a soldier after a winter resident had bid \$2,000 in bonds for them and then relinquished the gloves to soldier bidders. A baseball, autographed by the entire St. Louis Cardinal team during the recent World Series and brought to Palm Springs by Umpire Beans Reardon went to Mrs. Jack Grove for another high bond.

Don't spend your time wondering why a black hen lays a white egg... get the egg.

In the Know With the USO

by ELOISE HIRT

Well, we've had our first, last and only formal: Long skirts at the Valentine Ball did much more than glamorize the Junior Hostesses, they hypnotized the men in uniform. Many fellows, afraid to tangle GI shoes in chiffon ruffles were thoroughly content to sit and watch the whirling skirts and it was easy to see that they were remembering parties like that back home. Hardly a man entered without a soft whistle of surprise, while around the doorway there hung the continual whisper: "Gee! Long skirts—isn't that something?"

Helping to make the Valentine party SOMETHING quite out of the ordinary was the popular AMA Negro Dance Orchestra from Camp Young; original decorations done by Lila Lee Lilly and her committee: Carolyn Cobb, Carmela and Petronilla Mutascio; and—always most important at a soldier party—platters and platters full of delicious Valentine cookies provided and served by the Lions Club of Palm Springs.

A GOOD JOB

If you think Merrill Crockett does a good job of prescriptions, you should see him whipping up 250 cups of coffee with the able assistance of Alvin Weingarten and Gordon Nicholson.

When the last cup was gone there were still men asking for more of that good brew. Mrs. Crockett, Mrs. John Sprague, Mrs. Weingarten and Mrs. Nicholson—all a treat to the eye in their formal—arranged the tables and served punch, coffee and cookies; after which the soldiers kept them very busy dancing while the Lions did K. P. Thanks a million to the Lions and their ladies who helped make the party memorable.

EXCELLENT MUSIC

Peggy Clark, our "regular" at the piano for the Songfest, was off Valentining on her own after many, many weeks of service for us, so Mrs. Lois Lux stepped in to do a fine job of pinch hitting at Holly Visel's song session.

High-lighting the program were Sgt. Bill Willard and Pfc. Mel Litchfield, both of Torney, presenting Vachel Lindsey's "Abraham Lincoln Walks At Midnight," with background music selected from the final movement of the Shostakovitch First Symphony.

SAFETY CLASS ENDS

"Due to circumstances over which we have no control"—by that we mean the giving up of the present club site with its wonderful swimming pool—the pride of our life, that Water Safety Class for town boys, has had to be interrupted. But we're hoping some other pool may be made available. Although we failed to reach the Junior Life badge stage, we feel definitely that every boy who has had the privilege of working in the water under the fine guidance of Cpl. Jean Traeger and Pfc. Bud Kiner will be not only a better swimmer but also a better guy.

The following 29 boys from Mr. Howeth's group went off the deep end completely for Jean and Bud: Dick Doro, Robert Dentis, Billy Sandeffer, Jimmy Bigley, Johnny Martineau, Mortell Goldberg, Walter Backus, Sylvester Jones, Frank Prieto, Max Groom, Gary Moore, Caesar Nava, Kenneth Collard, Frank Purcell, Don DuBose, Kenneth B. Youngs, Sylvester Marin, Larry Pierce, Tommy Luke, Nicky Nichols, George Ackley, Paul Lichtenstein, Dick Billingsley, Bill Fontes, Santos Santacruz, Rene LeClere, Booker T. Harris, Nariano Quiroz and Frank Uribe.

THE PLAY IS ON

Another play is under way for the boys in the wards at Torney—a full length play this time, written by H. G. Coulter of Palm Springs. All we need is a nod of Ruth Hurd's head to get us going dramatically to help the Red Cross recreation program for patients. This show will feature one of the orthopedic men, Pfc. Mel Litchfield... and that's about all we intend to give away at this point—but if you hear the four walls of Ward D bursting asunder

Three From Local Air Base Entered In Gloves Tourney

Three men from the 21st Ferrying Group base here are competing in the Golden Gloves tournament, sponsored by the Los Angeles Times, which got under way Wednesday night.

Amado Espinoza, Julius Sandy and Larry Laico left for Los Angeles Tuesday night after days of rigorous training under the direction of M/Sgt. Joe Miller.

Council to Protest On Sale Beer License

City council at a special meeting last Friday morning voted to stand by its resolution of last November asking the state board of equalization to limit the number of liquor and beer licenses issued in Palm Springs and to protest, therefore, the issuance of an on-sale beer license to Elmo G. Foster, 696 South Palm Canyon drive.

Chief of Police Lyle J. Sanard will file a separate protest.

with mirth one night next week, you'll know the play is on.

MANY VISITORS

The USO Volunteer book is full of visitors these days—volunteers from clubs north, south, east and west—all off on a busman's holiday. They can't keep away from a USO, though, God Bless 'em, and give us more of them! Pouring coffee and answering the phone was Mrs. Sanford Samuels, on the committee of a big New York City overnight housing project for men in uniform—bed and breakfast at 76th and Fifth Avenue for fifty cents. Any servicemen, Negro or White, welcome. From the Monterey Club we've been lucky enough to have Mrs. James S. Parker, Smoke Tree guest, who, like Helga Dean, sits by the hour making portrait sketches of the men and girls in uniform. Six straight hours of drawing, Mrs. Parker put in last Sunday, a labor of love that will reach to the four corners of the country when the pictures, mailed by the USO, arrive on the doorstep of some mother, wife or sweetheart. We still have a real gallery of Mrs. Parker's and Mrs. Dean's work on exhibit at the club and here's the very last invitation any civilian will ever get to see them for on February 23, the doors of this club swing shut for the last time.

February 23 is Global Gab night with the most important topic this fine group has yet tackled—important because it's one step toward ending all wars. The National Council of Churches is observing "Brotherhood Week" across the nation, and our boys and girls have chosen to talk about "Practical Methods of Combating Bigotry," with a Jew, a Catholic and a Protestant sharing the soap-box for the evening prior to the general discussion. Special guests of the Global Gab group will be the ministers and boards of directors of the local churches, and, we hope, all of you who are reading this column. It's our last "Let's Get Associated" session; Gordon Feelings, our Council Chairman, is sending in some pies (cherry maybe) and the USO will have plenty of coffee. Come and give your prejudices the air!

IMPORTANT SESSION

Mr. and Mrs. Russell Magnum have sold their home in Palm Springs and are now at their home in Long Beach.

Torney Enlisted Men Start Second Leg In Alley Loop

Low scores and slim averages were the order of the day as the Enlisted Men's Bowling League began its second fourteen week bracket of play in the current league schedule.

Despite the fact that the Detachment of Patients team supplied the guns for the evening's fireworks, the MP's set them back on their heels by a 3 to 1 count.

Showing the way in the pin spilling division were Cpl. Ben Alfred, whose 511 series copped the laurels in that division, and Pfc. Harry Purvis, who registered a 197 high single.

The 1st Sergeant's five upset Dental Clinic three points to one, and Personnel downed QSVL by a similar margin.

Registrar and Headquarters made it two points each via some nip and tuck kegling.

Too, Too Often

"Yes, those new pennies are mistaken for dimes," said the weary waitress rather sourly as she picked up another one from beneath the plate.

Estes Park Family On First Extended Visit, Buy Home

F. E. Brainard of Estes Park, Colo., is one of Palm Springs' new home-owners. He moved into the home he purchased from Harold Murphy at 1660 Alta Vista drive Monday of this week.

Mr. Brainard had been in Palm Springs several times just for brief overnight stays before coming here Jan. 5 with his wife and her mother, Mrs. Gertrude R. Schlosser of Denver, Colo., for an extended stay. He liked it so well that he is now a home-owner here and plans to come here every winter. Summers he will spend in Estes Park where he was in business for 20 years, selling only last September.

Prior to coming to the Village this winter, the Brainards were at the coast and he bought a view lot above the ocean near Palos Verdes, planning to build. But now he'll live in Palm Springs.

Great Activities of Palm Springs Branch of Red Cross Revealed In Annual Report of Chairman Boyd

The following annual report on the work and accomplishments carried forward by the local branch of the American Red Cross was presented by the branch chairman, Philip L. Boyd, at a recent meeting of the Riverside Chapter. All Villagers have reason to be proud of this record of continuous activity and constructive results which have been achieved by their local branch. Omitted from the report is perhaps the most significant feature of the past year's effort, and that is the leadership and constant attention devoted to the Red Cross by Chairman Philip L. Boyd. Without it, the following record could never have been written.

Mr. Boyd's report follows:

The Palm Springs Branch of the Riverside Chapter of the American Red Cross has completed its second year of the war with a record of greatly increased activity and effective wartime service. Our efforts have been stimulated by the use of the large headquarters building on the corner of the Desert Inn grounds. We are indebted to Mrs. Nellie Coffman and her sons, George B. Roberson and Earl Coffman, for the generous and patriotic impulse which has made this valuable property available to us without cost.

SERVICE RECORD

During the year under the chairmanship of Mrs. Maude Pinney and Mrs. Hilma Cutler our four trained volunteers in Home Service have spent 914 hours investigating and granting aid in 169 cases of service men's families who have sought Red Cross relief and assistance. In the summer months additional cases were handled at our headquarters by a professional Home Service Case Worker, Mrs. Alice Urist.

Under the chairmanship of Frank W. Cutler the Disaster Preparedness and Relief Committee was organized at all times to give emergency relief in case of any disaster, whether due to natural causes or from military attack. Fifty-four volunteers were trained to serve in three emergency shelters where first aid and other equipment are stored.

MANY AIDED

Gordon Feelings and Kenneth DuBose, co-chairmen of our Camp and Hospital Committee, report that Christmas gifts and decorations were collected and distributed to over fifteen hundred Army hospital patients. Seventy swimming suits, radios, furniture, rugs, curtains, books, magazines and other useful articles were supplied for servicemen at the Army Air Base and at the Torney General Hospital. This program was largely made possible through the financial and voluntary assistance of the Cathedral City Red Cross Unit, the Masonic Club, the Rotary Club, the Lions Club, the Palm Springs Woman's Club and other local organizations.

JUNIOR RED CROSS

The Junior Red Cross under the direction of Chairman Jean Nagel, organized the school children to make 500 Christmas cards, 300 tray favors, 350 gifts and many Christmas tree ornaments to bring a more cheerful holiday season to the patients in Torney hospital. All of our four local schools are participating in this program.

The 1943 War Fund Campaign was undertaken by a group of fifty solicitors. Palm Springs citizens responded generously, contributing a total of \$18,338.69, a sum exceeding our quota by 80%.

Carl Haymond, the chairman of our Finance Committee and War Fund, was largely responsible for the efficient campaign organization and its very successful effort.

PUBLICITY WORK

In order to stimulate the work of our volunteers, advertise our services and keep the public informed, it is necessary to carry on a continuous publicity campaign. Our Public Information has been handled by Mrs. Helen Staley for the first ten months of the year and Mrs. Priscilla Chaffey during the last two months. Throughout the entire year news releases appeared regularly in our two local papers. Interest in our Red Cross work has been greatly stimulated by the fine cooperation of R. F. Graettinger, Editor of the Desert Sun, and Roy Medby, Editor and Publisher of the Palm Springs Limelight-News. Over 150 stories have been published through the local press from information furnished by our representatives.

Dr. Georgiana Raymond, Chairman, reports for our First Aid Committee that we were served by three instructors who gave three courses in 1943. 28 certificates were awarded. Our records show that we have 86 Standard First Aiders and 36 Advanced First Aid Certificate holders available to assist in case of any local emergency.

IMPORTANT WORK

One course in Red Cross Home Nursing was given at the Health Clinic by Mrs. Madge Holderman who awarded certificates to eleven candidates. Mrs. Polly Isenogle has recently succeeded Mrs. Charlotte Watson as Chairman of this committee.

One of the important administrative positions, the Chairman of Volunteer Special Services has been held during the early part of the year by Mrs. Florence Lockett and during the last few months by Mrs. Virginia Blair. They have prepared the voluminous reports of our local branch activities and arranged for courses of instruction in our volunteer services. Because of their intelligent and conscientious supervision our organization has worked harmoniously and effectively.

HIGH PRODUCTION

Throughout the year in our headquarters our production volunteers have labored persistently under the able chairmanship of Mrs. Blanche Turonnet and her daily sub-chairmen. A month ago Mrs. Kay Ostrander assumed the Chairmanship of this important section of our activity. In the past twelve months 1022 workers have put in 8797 hours in producing 3622 garments, 55,080 surgical dressings and over 1000 additional miscellaneous articles including layettes, quilts and slippers.

At the Palm Springs Army Air Base Surgical Dressings were made each week by the enthusiastic group of Army wives under the leadership of Mrs. Dorothy Spore and Mrs. Ralph R. Thomas.

Two Station Wagons are maintained by the Red Cross Motor Corps. These cars made 365 calls this year for a total of 3384 hours of service. Mrs. Betty Libott succeeded Mrs. Hilma Cutler as Corps Captain. Eight qualified Corps drivers have been contributing to the many service hours.

CANTEEN PREPARED

Although our Canteen is well equipped for emergency food service, it was called on only once in 1943. Mrs. Caroline Snyder and her Corps members served food to the 70 donors at the Civilian Blood Bank last spring.

Forty-four members of the Hospital and Recreation Corps have now been trained for service.

Voters Reminded to Register Early For Two Elections

With the important primaries which are usually held in August moved up to May 16 because of war conditions and the soldier vote, registration deadline for the primaries falls on April 6 this year.

Deadline for registration for the city election falls on March 2 and Villagers were urged today to check up on their registration and register for both elections before March 2. The local registrar of voters is City Clerk Louise McCann and voters may register at the city hall.

"It is necessary to re-register if you failed to vote at one of the state-wide elections in 1942, if you have changed your address or have just moved into the county," said County Clerk G. A. Pequignat this week. "To be eligible, a person must have lived in California one year and in the county three months."

to the patients at Torney Hospital. The competent chairman of these "Gray Ladies" is Mrs. Dorothy M. Boyd. She reports a total of 579 training and 3872 service hours in this effort to lift the morale of our hospitalized servicemen. They have read to, entertained, written and shopped for hundreds of our Army patients. Many long tedious hours of illness and recuperation have been shortened by these faithful Corps members.

START NEW SERVICE

A new Red Cross service in this area was inaugurated during the month of December when volunteer Nurses Aides were requested by Colonel A. B. Jones, the Commanding Officer of Torney General Hospital. Through the able efforts of Mrs. Mildred Sellinger, acting chairman, four volunteer Nurses Aides are already serving and a training program is being prepared. These Aides will be of daily assistance to the trained Army Nurses on duty at Torney General Hospital.

Mrs. Lennie Linletter and Mrs. Gordon Nicholson have divided the year as Chairman of the Staff Assistance Corps. Two training courses have been completed. 132 active volunteers have given a total of 1658 service hours. The Staff Assistants have served as receptionists at our headquarters desk, rendering timely aid to all committees and the inquiring public.

TWO ACTIVE UNITS

In Cathedral City and Desert Hot Springs we have two units of our Branch eager to take part in the Red Cross program. Over twenty volunteers have been meeting regularly at the Cathedral City headquarters engaged in active production work. At Desert Hot Springs a new First Aid course has been arranged.

An annual report cannot be concluded without a word of tribute to our Treasurer, Charles Henderson, and our officers and directors who have given so freely of their time and good counsel when called upon at our many meetings.

We now turn to our new year 1944 with confidence that we are well organized and prepared to assume the responsibilities placed by Red Cross in our hands during this critical war year when so many of our service men and their families will need and deserve our most conscientious assistance. It is our hope that our Branch with the support and participation of all Palm Springs citizens will achieve a greater record of accomplishment during the next twelve months.

Improvements Made At La Cita Cafe

Louis Thompson of the La Cita cafe is in the midst of extensive improvements at the popular cafe and at present is installing a large summer garden at the rear of the property which extends through to Belardo road.

The garden will accommodate approximately 50 extra guests. Circular garden tables are being installed along with gaily colored umbrellas. He has planted the garden to rose bushes, hibiscus, lemons, oranges and other trees and shrubs.

He is putting in a colored tile walk through the garden the length of the property and also adding other improvements.

1944 Scholarship Drive Is Launched By Pomona Alumni

Local Pomona College alumni have launched their 1944 scholarship fund campaign, dedicated to tripling the financial assistance that can be given men and women now in military service when they return to classrooms after the war.

Last year 2,199 alumni contributed \$20,947, making it possible for Pomona College to set aside \$5,000 for postwar scholarships which will be available to service men and women whose education was interrupted by the call to arms. This year's goal for the service fund is \$15,000, it was disclosed by Lawrence T. Cooper, general chairman of the fund campaign.

Class representatives in Palm Springs who are contacting other alumni in this district are Mrs. Howard W. Scheib, chairman, and Miss Virginia Booth, both of Deep Well Ranch.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs
By Pfc. Robert D. Price

COL. E. T. THOMPSON GIVES PINS

Forty-two more civilian employees of Torney General Hospital have received the award, given by the War Department, for six months of faithful service to a military post or installation. The awards were presented during a special meeting of civilian employees held in the Medical Library Monday, February 7.

Capt. J. B. Barr, Chief of the Personnel Branch, addressed the employees present, and presented the winners to Lt. Col. E. T. Thompson, Torney Executive Officer. Col. Thompson presented awards to the following: Rafino Barajas, Irene Belata, Antonia Bianchini, Kenneth Bright, Reba Brown, Elizabeth Buckner, Glennetta Buntin, Mildred Buyer.

Mary Capps, Eula Belle Chapell, William Chinn, Howard R. Claxton, Elsie Behrman Crabbs, E. Catherine Dague, Barbara Davis, Lucille Evans, Louise Fouts.

Alyce Gebler, Marjorie Geissler, June Gill, Forman Golden, Waldo Griffen, Ruth Hartford, Meredith Helm, Basil V. Hoffman, Julia May Howard.

Ruth Jones, Elsa Kaffeldt, Lulu A. Lay, Faustino Martinez, Winifred Miller, Bette Mae Pritchett, Maxwell C. Salter, Emery B. Sawyer.

Lawrence Sitter, Santa Cruz Silva, Munya Smoot, Mildred Taormino, Joseph T. Walling, Dorothy H. Walter, Marian H. Wilson, Frank E. Winterton.

Announcement was made by Capt. Barr of the receipt of two checks by civilian employees of Torney as a reward for suggestions turned in to, and accepted by, the War Department. Ralph A. Nesmith and Milbert Cameron were presented with checks of \$48 and \$5.00 respectively.

DOING IT RIGHT

Palm Springs has doubled its quota of bond sales during the Fourth War Loan Drive with almost a million dollars on the line to date. The current aim is to surpass the million dollar mark before the close of the drive. Torney is cooperating in full in this effort. Lt. Col. E. T. Thompson, post Executive Officer, is the man in charge of Torney's War Loan Drive forces. Col. Thompson is calling on every soldier and civilian at the hospital to cooperate in this drive "over the top."

Said s'long to a couple fellas who've been at Torney a long time the other day. 1st Sergeant Glen "when a fella needs a friend" Ruddy and Sgt. Henry Geasland bid the boys a fond adieu, and took off in the direction of Hitler, or was it Hirohito. At any rate both boys had been here almost since the activation of Torney General Hospital, and will be remembered a long time by their buddies.

CONVALESCENT CHATTER

The Reconditioning Program at Torney is beginning to take shape with several new features being added to augment the daily muscle stretching in the wards.

One new wrinkle is a weekly hike to one of the scenic spots near Palm Springs. The plan is to load patients into trucks and ride to Palm Canyon, hike through the canyon, and ride back.

Another new feature is swimming classes that are to start at 2:30 on Tuesday, Wednesday, Friday and Saturday.

Other features of interest to patients are the talks given by officer patients who have been

Robert Williams Home On Furlough From San Francisco

Robert L. Williams, ensign, U.S.N.R., son of Mrs. Ada Williams of Palm Springs, is now in San Francisco, and was home on a brief four-day furlough last week.

Ensign Williams recently graduated from Officers Training at Notre Dame University, Indiana, after completing his studies at Georgetown University, Washington, with high honors.

A graduate of Redlands high and San Bernardino Junior College, he came here and for two years was with C. V. "Shorty" Knupp's Desert Electric company daytimes, and worked for Earl Strebe at the theatres evenings before going to Georgetown University where he enlisted in the navy.

overseas and have had some interesting stories to tell.

NEWS OF NURSES

Feb. 8 was another bowling night for the nurses. Some of the higher scores were: Dennison, 148; Hooverson, 138-125; Evenson, 122; Looser, 123; Peterson, 132; Bielak, 130-132; Calon, 129.

We TGH nurses had the pleasure of learning to know quite a number of the 81st nurses, and enjoyed their company. We wish them a lot of luck in their travels throughout their Army tenure.

OFFICERS AT MEETING

Major General David McCoach, Jr., Commanding General of the Ninth Service Command, Army Service Forces, at Fort Douglas, Utah, announced a meeting of post commanders, directors of personnel and control officers in the Command was called to emphasize and align administrative and operational procedures "to bring to absolute perfection the operations of Army Service Forces installations" in this Command.

The conference was held at Fort Douglas, February 10, 11 and 12. Capt. J. B. Barr, Director of Personnel, and Lt. F. L. Jones, Controll Officer, attended the conference as representatives of Torney General Hospital.

TOP PROGRAM

Sunday afternoon, February 6, Al Jarvis presented another in his bi-weekly series of "live talent" shows for Torney patients and duty personnel. Woodie Herman, front rank popular band leader, and his famous orchestra played a solid two hours of program in the garden west of Ward A.

Twenty hostesses were on hand to assist Jarvis in distributing cigarettes and prizes to patients in the audience and to visit with patients in the wards. During the program, Jarvis announced the next program of the series will feature Harry (The Horn) James and his orchestra.

For Essential Transportation — U-Drive Cars. Phone 4444.

Villager, Wounded At Tarawa, Writes He Is Recovering

Miss Susan Pinckard, daughter of Mr. and Mrs. R. S. Pinckard of the Village, this week was in receipt of a letter from her brother, Platoon Sergeant Earl B. Pinckard, wounded in the fighting at Tarawa, from a hospital somewhere in the South Pacific.

Sgt. Pinckard wrote that he is recuperating and "doing nicely." "I am now able to sit down, something I couldn't do for a long time," he wrote. Sgt. Pinckard was wounded in the hip.

He reported that it was a tough battle and that the Japs were hard to crack.

"But the Marines have what it takes to crack them," he added.

Sgt. Pinckard hopes to be home soon.

Mr. and Mrs. Pinckard received a communication from the navy Dec. 10 last year that their son had been wounded, as reported in The Sun of that date. His name did not appear on the casualty lists, however, until two weeks ago.

Two New Majors Now At Air Base

Two promotions were announced this week at the headquarters of the 21st Ferrying Group here by Lt. Col. Richard D. Morgan, commanding officer.

The two new majors are John J. Jarvis and Brenton R. Belson.

21st FERRYING GROUP NEWS NOTES

Ferrying Division, Air Transport Command, Army Air Field, Palm Springs, California

By S-Sgt. George Goodale

VALENTINE DINNER BIG SUCCESS

The St. Valentine's Day dinner in the general mess was a successful stunt, and the band was an integral part of its enjoyment. Just so that we are consistent with our declared policy of anti-loudness, however, we can't resist saying that the large room and the competition from clattering trays virtually rendered impossible excessive loudness from the boys.

But they were okay. Repetition on such events will do a lot to keep personnel happy here.

The idea began when Wac corporal Frances Sganga suggested to Lt. Maurice Conn that the Wacs dine with the men on that day. She also suggested phonograph music but the lieutenant went one better and had the band appear. Several officers' wives got the spirit of the thing and Monday morning Mrs. George Coolidge, Mrs. John R. Hamilton, Mrs. Worth Johnson, Mrs. John Bell and Mrs. Jams Miniszek worked hard at gaily decorating the hall with red and white ribbons and cutting out hearts for all the KP's to wear.

Lt. Col. Morgan, Major Thornquest and squadron commanders also dined there and it was not only a surprise, but a swell event.

We can think of only one thing missing to make it a Gloriaus time.

DID YOU KNOW

That on Feb. 17, 1911, Glen H. Curtiss flew the first Naval seaplane at San Diego, Calif?

"Rozie" LeBrocq and her staff, Cpls. Amber Tullar, Cleo McHugh and Miriam Hoen, Pfc. Marie Griffin and Pvt. Lillie Fordyce shove out mighty slick chow. . . . The Wayne Seuntjens-to-Francis O'Grady-to-Jim Cannon-to-Roger Smith combine is okay, too.

MEN, MAIDS AND STUFF

Pvt. Roger DeWitt expects to be a father in about three weeks, probably of TWINS.

Sgt. Norm Woest and Cpl. Ralph Zellers and their better halves observed their first wedding anniversaries at the NCO club this week.

It was nice to see T/Sgt. Pete Artale and the Mrs. and S/Sgt. Arny Davis and his Mrs. at the club.

Woosome twosomes this week were M/Sgt. Wayne Seuntjens and Donna Johnson and S/Sgt. Hal Borne and Pfc. Estelle Turnipseed.

C. V. Knupp Is Now Warrant Officer, Word to Friends

C. V. (Shorty) Knupp, formerly of the Desert Electric company, and pioneer local business man, who joined the Seabees some time ago, has been commissioned a warrant officer, friends here were advised this week.

Mr. Knupp is serving in his second World War. He took part in World War 1, too.

Pay your telephone bill before the 30th and receive a discount.

Two Palm Springs High Graduates At Camp Farragut

Charles (Cow) Wallace and Bill Foster, graduates of Palm Springs high this mid-year, are now at Farragut, Idaho, Naval Training station starting their navy training. They reported for duty last Thursday in Los Angeles.

Wallace is the son of Mr. and Mrs. C. O. Wallace, owners and operators of the Rancho Vaguerio, who have spent the last six winters in Palm Springs. Their home is in Oak Park, Ill.

Foster is the son of Mrs. Etta Foster.

Both youths were prominent in athletics at Palm Springs high. They graduated on January 21 and enlisted shortly thereafter.

Van Linkletter At Navy Radar School

aVn Linkletter, young son of Mr. and Mrs. Archie Linkletter of Palm Springs, who enlisted in the United States Navy a few months ago, is now attending Radar school at San Diego, according to word to his parents here this week.

Railroaders with their THINKING CAPS on

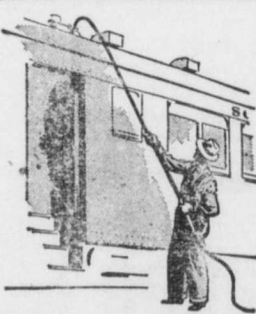

Here we tell you about some good ideas thought up by the people of our railroad to help Southern Pacific carry its greatest traffic load in history. Such ideas contribute directly to Victory, because the railroad is the war industry all other war industries depend on!

Only a few of the ideas received in recent months are presented here. And some of the devices shown can be fully appreciated only by railroaders. But these ideas have a common denominator everybody will understand: All represent better ways to run a railroad!

Back in the 1860's our railroad itself was a new idea. The first Southern Pacific tracks were built largely into virgin, sparsely settled regions where great cities later grew.

THESE FOUR MEN worked out a horizontal airjack which saves delay to flat cars and manpower in blocking of flat cars into rigid units for loading with long piling. S.P. District Car Service Agent J. E. Whalley of Eugene (third from left) conceived the idea. Car Foreman W. H. McAllister (left) built first working model. W. E. Jackson drew blueprints for another at Eugene, where Master Car Repairer W. B. Medill (right) produced a second working model. Device improves on manually operated track jacks used for same purpose.

Watering of passenger cars has been simplified by specially-shaped extension pipe suggested by General Car Foreman C. H. D. Hansen of S.P.'s Mission Road Coach Yard. Method eliminates ladder and need to climb up on top of car to fill water tank.

Two hours time daily is saved by this device developed by S.P. Machinist Dow Nichols of Bakersfield. His idea involves a centering attachment for driving box boring mill. Machinists see this as a valuable contribution to good workmanship.

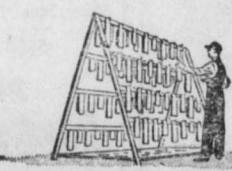

To extract journal bearings more easily and minimize danger of accidents, E. P. Morgan, S.P. Electric Welder of the Los Angeles Car Department, worked out this ingenious and specialized tool.

Ideas for improved production of brake shoes which saves 156,000 pounds yearly of critical metal formerly scrapped, was suggested by Charles Walls, General Foreman of S.P. Blacksmiths at the Sacramento Shops.

Greater accuracy, with saving of time and effort, is made possible by jigs developed by S.P. Machinist Earl Eckenberg at Los Angeles Shops. Jigs center alternator and pump motor heads for boring and fitting bushings.

Issuing train tickets to the public is speeded by this stockroom holder for ticket forms devised by Bob Steinbach, S.P. Ticket Clerk. Tickets hang from spindles, in logical order, permitting quick identification and handling.

To keep passengers posted as dining car seats become available, reducing wartime waiting-in-line, Conductor E. M. Benson suggested announcements over loudspeakers on S.P. Daylights. Our Conductors often contribute ideas.

Increased reclamation of war-vital zinc from used batteries, now S.P.'s only source of zinc, is made possible by idea of Wayne Ramsey, Reclamation and Welding Foreman at Sacramento General Stores. By Ramsey's method, adapting the hammermill, 400 pounds of zinc are produced daily against 100 pounds by former method. Hammermill rips open the zinc covering and breaks up carbon. Zinc pieces and crushed carbon are run through tumbler where carbon falls through perforations while zinc remains behind.

S.P.

Cathedral City

W. R. HILLERY

This village of Cathedral City has always appealed to many owners of homes and visitors because the population was fairly stable and when they return after being away for some time they like to meet the regulars or they will say what became of so and so but not using those exact terms because so many do their cussing nowadays with "so and so." A business man of Palm Springs told me that he was impressed with the rather slow change of ownership here as being a sign of satisfaction with the investment. Yet lately there have been quite a few changes but with surprisingly few losses of regulars.

George and Helen Mandravels, recent arrivals, have taken a five year lease on the Totem Pole Cafe and are already operating this pioneer eating place. They come highly recommended and assuming I have their name spelled correctly you will hear more about them as time goes on. When I

was told of the deal we first thought of the loss to the community of Mr. and Mrs. E. J. Wheeler and Mrs. Wheeler's sister, Miss Oline Saness, who have so long and faithfully and satisfactorily operated the place. But we are pleased to announce they will remain here and will occupy their property other than that leased.

Then we have the Rex Detrick family who have purchased the W. C. Strong cottage and the school board should note that with two grand children in school we are doing what we can to help out. The Detricks, formerly of Julian but more recently of Escondido, are most welcome. We do not know the plans of the Strong family but naturally hope they will not sever their ties with our village.

And we want the school board to also note that Mr. and Mrs. Horace Allberry have purchased a lot directly south of the residence occupied by the Max Vaucher family. The Allberrys will construct as much of a home as available material will permit and they also have a son in school here.

Raymond Chandler and wife are due here and will occupy the McCullough cottage which they formerly lived in. Mr. Chandler, writer for Paramount, has received much favorable publicity in Time and other reviewing publications for his recent book, "Lady in the Lake." To many of us who served so long as aircraft spotters we remember Mr. Chandler as a most efficient and constant spotter on our local post.

The bond drive is over and it was surely a long drive and a hard one on the high school kids. They did a notable job and while our community was merged under the title of Palm Springs, we can be proud that our contribution brought Palm Springs over the million dollar mark for I understand that maturity value of the Post Office sales here was \$11,300 and through the high school \$1,900 was subscribed which makes a total of \$30,000 Robert Hillery did very well for the community and in competition with much wealthier and more populated Palm Springs areas he placed third in number of bonds sold by students receiving a two-

party pass to the theaters for a period of three months. Likewise he received a designation conferred by the high school of general for a given number of sales.

We were sorry that owing to ill health it was necessary for Mrs. Harold A. Snyder to retire from the operation of their retail store here. Now we understand this weekend the store will reopen under the management of Carl Higgins who himself was so recently indisposed. Carl will be welcomed back to active community work and we understand that the store will handle the products and confections as before. However, we also understand that owing to Mrs. Snyder's illness, they would appreciate the public avoiding calls to the Snyder Drive ranch.

Remember folks, our good friend Francis F. Crocker will be the speaker at the Chamber of Commerce meeting scheduled for Monday night at Town Hall at 8 o'clock, so everyone should attend whether member or not and the ladies are always welcome. Many things of interest will be discussed.

The March of Dimes was little advertised owing to the bond drive but at that \$6.10 was dropped in the receptacle in the post-office.

On Thursday, Feb. 11, the ladies of the Red Cross were served tea by Mrs. Emma Chadwick and Mrs. Elizabeth Kimberly, after a busy afternoon of sewing.

And on Monday, Feb. 14, we had a very festive Valentine party which served as a farewell to Mrs. Elizabeth Bean and Mrs. Blanche Davis, who will soon be returning to their respective homes. The ladies on the committee who gave the luncheon were Mrs. Dorothy Dentier, Mrs. Alice Lukius, Mrs. Edna Heller, Mrs. Marvel Jones, Mrs. Francine Melrose. We regret exceedingly the imminent departure of these two ladies inasmuch as they have been very active and faithful members.

A great deal of work has been completed by our C. C. Unit and there are always at least 20 members present at every meeting. However, new members will certainly be welcomed inasmuch as there never can be too much work done for the Red Cross, whose work needs no praise. Bring your needle, thread and scissors and join in the fun.

Cathedral City Woman's club was entertained by Mrs. Edith Colglazer at her delightful desert home. A unique display of char-acter dolls molded and exquisitely dressed by Mrs. Colglazer was a feature of the entertainment.

Some of the period dolls represented Queen Victoria; also Clara Barton and others. About fifty dolls of different nationalities were on display.

Election of officers resulted in the following: Edna Laas for president; Lucy Abels, vice-president; Agnes Gould, recording secretary; Grace Early, corresponding secretary; Ann Riley, treasurer. Out of town guests present were Mrs. Harold C. Carpenter, Olympia, Washington, and Mrs. George W. Broome of Yucaipa Woman's Club.

The next meeting will be March 8, a Club birthday party in Town Hall.

Realtors Ask for Representation on Planning Board

City council received a request from the Palm Springs Realty Board asking that members of the boards be considered for appointment to the Planning Commission when the next vacancy occurs.

The realtors called attention to their great interest in comprehensive planning and in the future of the Village in asking representation.

The letter will be acknowledged by the city with the assurance that the realtors' request will be given every consideration.

Councilman Boyd At Bat For Mayor

Councilman Philip L. Boyd occupied the mayor's chair at city council meeting Wednesday evening in the absence of Mayor F. V. Shannon, who was unable to be present.

Building Permits

February 11:
Roy Hawthorn, 695 South Palm Canyon Drive, remodel, \$330.
Mrs. Madge Holderman, Araby tract, remodel, \$125.
Esther B. Pearson, 295 Lugo Road, remodel, \$90.
February permits to date, 7; value, \$1980.
1944 permits to date—32; value, \$7,573.

Uncle Sam bought 208 million pounds of paper in 1941, 226 million in 1942, and contracted for 350 million in 1943. Wonder how much of this goes into "extended remarks" in The Congressional Record?

THE BARN OWL. Tyto Alba Pratincola

No ghost ever flew so quietly, no banshee ever had so large a vocabulary, no witch was ever so much a partner of the night, and no fairy-tale brownie ever did so many good deeds as the barn owl.

And yet, when you know him, he is a most comical-looking fellow and not the least bit spooky. His peculiar face has earned him the title of "Monkey-faced owl" in some parts of the country. It is a white, heart-shaped face with the bill placed low. There are no ear-tufts as in the screech owl and great horned owl. The back and wings are of a beautiful tawny-ash color, soft to see and soft to feel; it is the softness of the overlapping wing-feathers that enable the owl to fly and swoop noiselessly upon its unsuspecting prey.

The feet, like those of all the owls, are marvelous rat-traps. Long, needle-sharp claws, backed by powerful muscles and sinews, make the escape of a rodent, once caught, well-nigh impossible.

ARE QUITE COMMON

In spite of the large size of the barn owl, and its comparatively great numbers, many people have never heard of it. But they are here, and they are quite common: some warm moonlit night, sit quietly for a while in your garden, and you will almost certainly see at least one. By day, this lover of the shadows remains securely hidden from prying eyes. In this locality, the Whitewater-Tahquitz wash, from Cathedral City east, provides abundant hiding and nesting places. Holes high up in the banks—always in places inaccessible to the bird-student!—are sheltered and dry. Often, however, spring floods cause the banks to cave in, carrying the luckless birds to their death; their remains are sometimes found in the debris left by the receding waters.

But the bird is really not at all particular as to where it lives. It may be found in attics, steeples, towers, hollow trees, barns, abandoned buildings, and under the thick dead eaves of the Washington palm.

FOOD HABITS GOOD

We know a good deal about the feeding-habits of the barn owl, and they are usually most commendable. The bird has habits which make the study of its food convenient and accurate; the food is swallowed in large chunks, without any chewing, the whole head of a mouse, for instance, being taken at a single gulp. Then after a time, the indigestible parts such as bones and fur, are done up into a neat little pellet and thrown up. As the owl always comes back to the same place to digest his food, the pile of pellets on the ground below accumulates to a large size, and an examination of this pile will show what our friend has had for dinner every evening for the past several years. An interesting survey of one of these kitchen-middens was made in Australia by Mr. Lea, working for the government. He found that the food of a single barn owl in one year consisted of 1407 mice, 143 rats, 7 bats, 5 young rabbits, 375 sparrows, 23 starlings, 24 other birds, 4 small lizards, 174 frogs, 25 large night moths, 52 crickets, and a few other insects, mostly beetles. This bird ate almost its own weight every night! And it is to be noticed that the vast majority of animals eaten are injurious to man in some way.

We are beginning to appreciate the birds value in this country. As an example of its economic significance, Dr. Merriam has compiled a few figures. He tells us that a good many years ago, in Pennsylvania, a bounty of 50c each was paid for the scalp of each hawk and owl brought in. Barn owls outnumbered all others in numbers of bounties claimed. In 18 months, \$90,000 in bounties was paid, in order to protect the farmers from a loss of, at the most, \$1,875! Furthermore, if we consider that every mouse does two cents worth of damage each

Rubbish And Riders Before Councilmen

City Councilman C. P. Adams Wednesday night called attention to city council to careless dumping of rubbish and tree trimmings into streets and on to vacant lots in certain sections of the city and to the fact that the recent ordinance prohibiting horse-back riding on certain streets was being violated.

His first item was referred to City Manager Ray Sorum and the second to Chief of Police Lyle J. Sanard.

year, and if the owls each kill 1000 mice (a conservative estimate), each owl is worth about \$30.00 in eighteen months. By this, we see that the state, in destroying 128,571 of its benefactors, has thrown away \$3,947,130, or \$2,105 for every dollar saved for the poultry farmer!

DO THEIR PART

These figures are interesting, and are good for argument, but in the long run are of little importance; the owls do their part in maintaining a natural balance no better than do many other birds whose interest seem, on the surface, to be inimical to our own. It is narrow of us to pass judgment on an animal by human standards, which really have nothing to do with the matter. And anyway, if all the animals we call harmful were to be exterminated, there would be far-reaching effects which could result in no ultimate good to us.

So, enough for figures. The barn owl has a character which can be neither expressed nor appreciated in terms of dollars and cents.

Mrs. Barn Owl lays her eggs, four to nine white ones, on the bare floor of her dark nook, sometime after the first of March. They are laid at irregular intervals; as soon as one comes along, it is incubated together with the first. This keeps up until the last egg is hatched, and by that time, the baby that emerged from the first egg is quite a sizeable young owl. In fact, the youngest brother sometimes starves, being weaker and slower in reaching for food; or he may be trampled to death by his big brothers and sisters.

WHEN THEY WORK

It is while the young are in the nest that the parents really have to "hump themselves." They must not only keep up with their own personal food-quotas, but must also feed each of the babies more than its own weight every day. William Finley once determined to see just how much a baby barn owl could eat. His subject swallowed eight mice with scarcely a pause for breath, then swallowed most of the ninth—all but the tail, which hung out of the youngster's mouth until digestion made more room inside. Then, only three hours later, the little glutton devoured four more mice! So you see what the parent owls are up against. The pile of pellets grows most rapidly.

These babies are real chips off the old block. Their claws are well developed, and they know it; just visit the nest when the well developed, and they know it; just visit the nest when the old folks are away on a hunting trip, and the little warriors will flop over on their backs and wave their feet at you. And woe betide the hand that tries to sneak past those young talons! After one or two experiences, you will respect them and refuse politely but firmly to shake hands.

At close range in the daylight, the barn owl may look comical; its home is not neatly kept and may even smell bad; but to see it a-wing is to see the queen of the night. Its often-repeated cry of "tcheeee-ick!" serves only to emphasize the noiseless perfection of its flight, and as it floats buoyantly past, you don't care if it never catches another rat. The owl itself is the excuse it need offer for existing.—(Copyright 1944 by the Palm Springs Desert Museum, Inc.)

With pork points reduced again we have less reason to squeal when this little pig goes to market.

Casa de Beverly Is Purchased By Florida Hotel Man

Another highly important real estate transaction was reported this week by John Munholland, local realtor, who announced that the Casa de Beverly, South Palm Canyon drive, had been purchased by Sw W. Marcus of Florida who recently sold his hotel holdings in Miami, Florida.

The property was owned by Joseph Miller who built and furnished it about six years ago. The structure is of the modified modernistic design and contains 12 apartments. It has always catered to a select clientele and is located at the corner of Palm Canyon drive and Barristo road, across from the Del Tahquitz hotel.

Mr. and Mrs. Miller have extensive holdings in the Village which they intend to improve when materials are available. They will continue to make their home in Palm Springs.

The sale was consummated by Mr. Munholland in cooperation with E. W. Dawson of Inglewood.

This Strange World

Private Chester Antosiewicz, of Camp Van Dorn, Miss., who can't write a word of Polish, gets off at least one letter every two weeks to his Poland-born father who can't read a word of English.

Antosiewicz gives his letters to Private Adolph Bigos, a buddy in his company and Bigos translates the words into Polish. To complicate matters, Bigos can't read the handwriting of Antosiewicz, and the latter must dictate.

Great souls have wills; feeble ones have only wishes.

Day of Prayer to Be Observed Here Friday Afternoon

"World Day of Prayer" will be observed in Palm Springs next Friday afternoon at the Community church, Dr. J. R. Macartney, pastor, announced today.

The services will start at 2:30 o'clock and people of all denominations are expected to join. There will be special music.

Warn Discharged Servicemen to Guard Papers

The Palm Springs post of the American Legion, this week Hickey, service officer, this week warned service men, receiving honorable discharges in the present conflict, to protect them since they are the documents which will be needed in applying for all veterans' rights and benefits.

Discharged veterans are now using this certificates of discharge to obtain mustering out pay. Army regulations provide it must be sent to the Army finance office in the veteran's area to obtain this pay.

Veterans are urged before mailing this certificate of discharge, to take it to the county recorder and ask him to record it and to give the veteran a certified copy. In sending the original discharge paper to the Army finance officer, the veteran should have it registered and request a return receipt.

If possible, veterans should have photostatic copies, both front and back, of their discharge paper.

New Firm to Take Over 2 Enterprises In Palm Springs

Marcus cafe will close Sunday night as Marcus', and painters, carpenters and other craftsmen will take over on a redecorating, refurnishing and re-arrangement job to prepare it for its opening at a date, still unaccounted, as the Canyon Cafe.

That was the announcement today as Alan and Ferd, who have incorporated Amusement Center, Inc., a \$100,000 concern, prepared to take over. The corporation recently purchased Marcus'.

Another enterprise of the firm is located at 392 North Palm Canyon drive, where skee ball and other sports will be available, including a Photomat and a studio equipped for quick finishing of pictures.

Alan (Fendler) will have full charge of the Canyon Cafe. Every foot of it will be open to inspection by the public at all times he said. Excellent food and absolute cleanliness are his hobby. American and Mexican dishes will be served, all designed for an apuricure, Alan said.

Ferd (Ferdinand Coble) will have charge of the amusement side of the enterprise. He was recently honorably discharged from the paratroopers due to physical disability.

One of the first things the new firm did last week was to join the Palm Springs Chamber of Commerce.

MORE ABOUT . . .

Mrs. Carnell . . .

Spring about a month ago, hoping that the invigorating desert climate would work its usual healthful wonders. Up to almost the time of her death, she seemed steadily improving.

Among her investments here were the Carnell building, built in 1933, and the Plaza, built in 1936. She always expressed a full confidence in the future of the Village. The handsome edifice of the Community Church on South Cahulla road is largely the result of her aid and many other local civic enterprises, among them the Health Center, have benefited by her philanthropies.

CHILDREN WITH HER

She was also heavily interested in Dayton realty and is the owner of the large Third National Bank building there. She was a director of the bank for many years.

Mrs. Carnell is survived by a son, Jefferson Patterson, U. S. Minister to Peru, who came by air from South America to be at his mother's bedside and by a daughter, Mrs. Howard C. (Mary) Davidson, wife of Maj. Gen. Davidson, now commanding the Tenth Army Air Force in India. Maj. Gen. Davidson was just promoted from the rank of brigadier general by President Roosevelt last week.

MEMORIAL SERVICE

Memorial services were held at the Community church here last Saturday evening for Mrs. Carnell and on Sunday the body, in charge of Wiefels and Sons, Banning, was sent to Dayton for funeral and burial, accompanied by her son and daughter.

Funeral services were held at the Westminster Presbyterian church in the Ohio city Wednesday with Dr. Hugh Evans, the pastor, officiating. Interment was in Woodland cemetery in Dayton.

Request from the post engineer at Torney General Hospital requesting permission to install a guy wire on the south side of Paseo El Mirador was referred to City Manager Ray Sorum by city council Wednesday night.

There never was a wife that liked her lot.—John Davies, 1602.

Heartfelt thanks was also extended Mr. Schenck, through whose generous spirit, the USO enjoyed the use of the swimming pool and playhouse on his estate here, a USO Hospitality house that gained nationwide fame.

PICTURE CHANGING

Mr. Burns explained that with the fast changing military picture at this stage of the training program, the USO is seeking to be very flexible and is in close touch with officers who inform them of changing soldier loads and needs for the USO types of services. The hospitality of Palm Springs citizens has several channels through which to function with the troops remaining in this area, according to Mr. Burns, who mentioned the fine facilities of the American Legion Dugout, the Masonic headquarters and the Field Club which is maintained by Federal funds and with a full time director, R. H. Bennett.

The plan to maintain a community USO type of limited program in Palm Springs, to supplement the services of these agencies, was approved by Mr. Burns, who indicated that necessary budget for such a limited program would be recommended to national headquarters.

MANY CHANGES MADE

The USO has rapidly closed clubs in a number of cities from which troop concentrations have been removed, and is opening others in heavier concentrations. Mobile Service will be continued in full force in this area, according to Mr. Burns, so long as isolated units of the military remain taking care of military properties.

A meeting of the American Legion was held Tuesday night and it was voted to cooperate with the USO in every way possible. Another meeting of the USO council, of which Gordon Feekings is chairman, will be held Monday night to consider future USO activities here.

LAST DANCE TOMORROW

The final dance will be held at the USO Hospitality house tomorrow night under direction of Mrs. Eloise Hirt, director. A gay farewell party is being planned. Mrs. Hirt does not know yet to which USO post she will be transferred. During the regime of the Hospitality house, thousands of soldiers, many of them now overseas, have danced with junior hostesses from scores of southern California communities. It is understood that Mr. Schenck plans to place his estate on the market.

committeemen for study and report on estimated costs.

Charles E. Johnson, president of the county Chamber, announced that directors had approved the proposal for a county-wide committee and had set March 9 as the date for a meeting of the committee and county planners to discuss postwar projects. At that time, the projects prepared for Palm Springs will be submitted.

FAR-FLUNG PROGRAM

They include sanitation, streets, public buildings, parks, recreation and the aerial tramway.

At the March 9 meeting, representatives of the county communities will present to the postwar committee of the planning commission the postwar problems of their districts and these will be coordinated with the county program and every assistance possible given.

The Planning Commission postwar committee has adopted preliminary recommendations, topped by the proposal that county supervisors set up a department of postwar engineering with an engineer and a secretary whose duty it will be to handle technical details of any contemplated project. The engineer would also assist cities and communities with their projects.

The postwar planners met last Thursday in a preliminary survey of projects.

NICHOLS CHAIRMAN

Culver Nichols of the Village is chairman of the county planning commission of which the postwar planners are a sub-committee.

John R. E. Chaffey has been named chairman of the local Chamber of Commerce postwar planning committee, succeeding Mr. Crocker who asked to be relieved of the post because of the press of other duties.

Life would be more enjoyable if more people tried to enjoy it.

Waste Paper Is Most Important Salvage of All

BY WALTER ILLICK
Salvage Committee Chairman

Many Palm Springs citizens still think that because a temporary surplus of waste paper in 1943 forced a suspension of collections, that this salvage is not wanted.

Let us make this clear—waste paper is one of the most urgently needed forms of salvage in demand today.

The tremendous offensives in North Africa, Sicily, Italy and Russia make this so.

HAS MANY USES

Think of the countless millions of packing cases alone needed to ship the munitions and supplies to our fighting forces and the armies on the Russian front.

Think, too, that paper is used—and desperately needed in the manufacture of parachutes and surgical dressings to help save lives. In ammunition, incendiary bombs, anti-tank mines, bomber insulation to help press home the attack. Paper has scores of other uses all very important in the job we have on hand.

SURPLUS IS GONE

The paper surplus of a year ago is gone! We are faced with a serious shortage today.

Salvagers! How many pounds of waste paper per month is not salvaged in your block? There is a little shaver in your neighborhood who will call on you; save your paper for these kids. They are doing a grand job.

Next week another contest will be announced and a day set for collections of all newspapers and magazines. Watch for this date.

MORE ABOUT . . .

High School . . .

and Richard Moseley, each received a one month pass. Runners up each receiving a free pass for one show were: Barry Miller, Warner Moore, Andy Bump, Helen Louise Williams, Mary Ann Gorcester, Tom Schilling, Peter Spore, John Ward, Morris Sale, Tom Griffith, Donald Reed, Harry Hanbury, Sally Lockett, Jerry Tracy, Carol Penderly, Violet Fletcher, Nick Mutascio, Don Williams, Geri Rogers, Edith Dunigan, Harvey Gorcester, Vivian Gaudiello and Bill Carey.

Three prizes of ten dollar purchase orders were given to students by Bullock's Lykken's and the Palm Springs Drug and Import Company. A \$25 war bond was awarded to the student who brought in individually, the most bonds for a 24 hour period during the last four days of the drive.

TAKES HIGH PRIZE

This prize went to Bob Hoover who also won the Lykken purchase order. Barbara Dodds won the Bullock and Palm Springs Drug Import Co. purchase orders.

The Sophomore class proudly took home two gold trophy cups presented at the premiere. One was presented because the class scored the highest number of points for the sale of war bonds. The Juniors came in second. The second cup was given because the class was chosen the best group in the high school portion of the parade which opened the Fourth War Loan drive.

GREELEY THANKED

Special thanks have been extended to Henry Greeley from the entire student body for giving his time and effort unselfishly as supervisor of the war bond sale at school.

The Water Company of Palm Springs presented to Helen Louise Williams a silver identification bracelet for her helpful work in assisting Mr. Greeley.

The Student Body is grateful to Earl and George Strebe for contributing the free passes to the theater, and the trophy cups. Also to Bullocks, Lykkens, and the Palm Springs Drug and Import Co. for the \$10 purchase orders, and last but not least, to the anonymous donor of the \$25 war bond.

Going Good

When President Roosevelt was campaigning for office in 1932 he got into the habit of using the same jokes in many of his speeches. This, of course, made no difference to people hearing them for the first time, but it did have a wearing effect on the newspapermen who accompanied him.

One of the correspondents finally mustered enough nerve to say:

"When are you going to tell some new jokes, Governor? Have pity on us poor fellows."

The famous Roosevelt grin made its appearance.

"Why change a gag when it is going good?" he said.—Milwaukee Journal.

MORE ABOUT . . .

Bond Victory . . .

"The Sullivans," the moving picture story of the famous family who gave five boys to the cause of liberty at once when their ship went down in the Pacific theater. It was the first showing of the tremendous film any place.

(High school prize winners listed in story by Maureen Roybark on Page 1, Column 7).

This morning, at Palm Springs high school, Chairman Holland presented awards to high school bond salesmen. Some awards were presented at the premiere Tuesday night, the remainder today.

PRaises Students

Mr. Holland had high praise for the students. It was the first time in the nation and the first place in the nation to enlist the youngsters in a bond campaign. The residential district was assigned them and a quota of \$150,000. They sold in excess of \$200,000 worth of bonds.

Although the 2½ 1965-70 and the 2½ 1956-59 bonds have been closed, sales of Series E, F and G savings bonds will continue and all sales up to Feb. 29, credited to the fourth war loan drive. Mr. Holland's office at the Chamber of Commerce will remain open until that date.

HIGHLY PLEASED

Chairman Holland was well pleased with the conduct of the drive here and of the assistance given.

Whereas many communities failed to hit their goal, the Village went over by better than 250 per cent and the individual sales, much emphasized by the government, exceeded the quota, too.

Many letters and telegrams congratulating the local chairman and committee have arrived and more are coming.

Palm Springs gained much favorable publicity throughout the nation for its splendid showing.

A Chicago poker club has barred married men. Likely figuring they know how to bluff too well.

San Bernardino Supervisors Oppose Park

The board of supervisors of San Bernardino county, Monday, went on record opposing the creation of national monuments in the Mt. San Jacinto and Mt. San Geronio areas, contending that they are now capably managed by the federal forest service.

DeWitt Nelson, supervisor of federal forest service, appeared in opposition to the proposal of Harry James of Altadena, who had advocated the creation of a national monument on the grounds that the areas could be preserved against commercial use.

Nelson contended that since the forest service has dedicated the districts as primitive areas, no commercial enterprises can be established, and that, on the other hand, the national park service is highly commercial.

Offers Plan For Improvements Here

City council places on file a letter from Mrs. W. L. Tibbals, a resident here, who suggested that needed improvements here were gutters and control works, street lights and condemnation "shacks" which she said were an eyesore.

City Manager Ray M. Sorum was authorized to investigate.

Gifts

It is the will, and not the gift that makes the giver.—Lessing.

Rich gifts wax poor when givers prove unkind.—Shakespeare.

The heart of the giver makes the gift dear and precious.—Martin Luther.
